CHARITABLE GAMING HANDBOOK

Regulation of charitable gaming is the responsibility of the Oregon Department of Justice. The laws and regulations afford bona fide nonprofit, tax exempt organizations the opportunity to utilize bingo, raffles and Monte Carlo event gaming as a means of raising funds for their charitable programs.

The handbook was designed to help organizations become familiar with the regulations and reporting requirements. It provides general information about licensing, daily operations, and reporting requirements. It addresses the most commonly asked questions by licensees and organizations considering nonprofit gaming as a fundraising activity.

This handbook is designed to fit into a standard 8½” x 11” three-ring binder and is divided into informational sections covering specific areas. Each of these sections contains copies of the forms currently in use by the Department.

This handbook along with new and renewal applications and licensee reporting forms are also available on our website at <https://www.doj.state.or.us/charitable-activities/charitable-gaming/charitable-gaming-license-applications-and-reports/>.

GENERAL INFORMATION

The information presented here is not intended to serve as a substitute for a thorough review of the statutes and administrative rules. References to specific statutes or rules are made throughout. Copies of the statutes and rules cited are included in the handbook for your reference. Specific questions regarding licensing, regulation, or the material in this handbook should be directed to the Department at (971) 673-1880.

Who may conduct bingo, raffle, and Monte Carlo event games in Oregon?

The only organizations which may qualify to conduct bingo, raffles, or Monte Carlo events in Oregon are those which are exempt from the payment of federal income taxes. This includes public agencies and public schools. A private organization may also qualify if it is an active, nonprofit organization exempt from the payment of federal income taxes. See ORS 167.117(5). In addition, an organization must have held tax exempt status for at least one year and, during that time, be engaged in its charitable, fraternal, or religious purpose. See ORS 464.270(1)(b).

Do all bingo, raffle, and Monte Carlo event gaming operations require licenses?

Yes, with three exceptions. Generally, all bingo, raffle and Monte Carlo event operators are required to have licenses issued by the Oregon Department of Justice. The exceptions are:

- 1) Organizations operating bingo games with a handle (gross sales) of no more than \$2,000 per session and with a total handle of no more than \$5,000 per calendar year. See OAR 137-025-0040(2)(b).
- 2) Organizations holding one or more raffles with a cumulative handle of less than \$10,000 per calendar year. See OAR 137-025-0040(2)(c).
- 3) Organizations holding Monte Carlo events with a handle of no more than \$2,000 per Monte Carlo event and a total handle of no more than \$5,000 per calendar year. See OAR 137-025-0040(2)(d).

What are “Drawings”?

A door prize drawing is defined as a drawing conducted by a nonprofit organization at a meeting of the organization where both the sale of tickets and the drawing occur during the meeting and the total value of all the prizes does not exceed \$600. See OAR 137-025-0020(5).

Bingo games and Monte Carlo events are not considered “meetings of the organization,” and any drawings held in connection with bingo games or Monte Carlo events are generally considered to be raffles if a purchase is required in order to participate in the drawing. A raffle license may be required in addition to a bingo or Monte Carlo event license in such cases.

What is “Social Gaming”?

A “social game” is when ALL money wagered is returned to the players in the form of prizes. The house cannot take a “cut” or percentage of the money or otherwise profit in any manner from the operation of a social game. See ORS 167.117(21).

Social games that are conducted in private residences are permissible. Social games in businesses, private clubs, or places of public accommodation can be conducted ONLY if there

is an enabling ordinance by the local jurisdiction. See ORS 167.121. Usually this legislation takes the form of a social gaming ordinance. Organizations desiring to conduct social games should contact the local police department, district attorney, or city attorney to ascertain whether social gaming is permitted, and what forms of games are authorized. In some jurisdictions, bingo is not one of the permitted social games.

Social games conducted in violation of the above statutes or a local social gaming ordinance would constitute unlawful gambling under Oregon law and could subject the persons and organizations involved to civil or criminal prosecution.

Are there additional licensing or registration requirements?

Yes. Certain nonprofit organizations are required to register with the Attorney General pursuant to the Oregon Charitable Trust and Corporations Act, ORS 128.610 through 128.990. Charitable gaming license applications are reviewed to see if the applicant organization may be subject to registration.

The Department may not issue a charitable gaming license to those organizations that are subject to registration, and have failed to do so, until the organization registers and has filed the required annual reports. A license may also not be issued to those organizations that are registered but are delinquent in filing the required annual reports.

The Charitable Activities Section of the Department of Justice is responsible for registering nonprofit charitable organizations. For more information contact the Charities Registrar at (971) 673-1880.

Assumed business names and corporations may be required to register through the Corporation Division of the Oregon Secretary of State. If required to register, the organization's registration with the Corporation Division of the Secretary of State's office must be current prior to issuance of any charitable gaming license by the Department.

Local jurisdictions may also have licensing requirements in the form of business licenses or specific ordinances governing the operation of charitable gaming. Contact your local city hall or district attorney for information regarding these requirements.

What type of proof of tax exempt status is required to obtain a gaming license?

The law requires all organizations receiving bingo, raffle, or Monte Carlo event licenses to have federal tax exempt status. Private organizations applying for gaming licenses must submit a determination letter from the IRS which establishes that the organization has been exempt from federal income tax for a period of at least one year. Organizations which are tax exempt but do not qualify for exemption under the Internal Revenue Code 501(c) may submit an opinion letter from a certified public accountant or an attorney stating that the organization holds tax exempt status and citing the relevant portions of the Internal Revenue Code supporting tax exempt status. See OAR 137-025-0030(1)(c).

If an organization has been operating for one year or more but has only recently been recognized as tax exempt, the organization may use other means to demonstrate that it has been operating for charitable, fraternal, or religious purposes for at least a year.

Licensees are required to notify the Department promptly if tax exempt status is lost. Any gaming license issued ceases to be valid if the licensee loses its tax-exempt status. See OAR 137-025-0030(4).

May any subgroup of a nonprofit tax-exempt organization apply for and receive a license?

No. Separate nonprofit tax exempt entities may apply for and receive gaming licenses. Individual subgroups of such entities may not. A licensee may share the operation of the games and proceeds with any bona fide subgroup of the licensed organization. Specifically, the Department's policy with respect to separate organizations that qualify for licenses is as follows:

- a) Public school districts and individual schools may qualify for a license. However, clubs and subgroups of a school will not be regarded as separate organizations and must operate under the school's license.
- b) In general, licenses for Catholic organizations will only be granted to those entities listed in the Official Catholic Directory.
- c) Some organizations, typically fraternal organizations, have a group tax exemption from the IRS. Those organizations that are listed as "subordinates" of the parent organization may qualify separately for a license. Fraternal and service organizations attempting to qualify under a national group exemption letter may be granted a license if they establish that they are a separate reporting entity. For instance, an auxiliary organization would qualify for a separate license only if it is filing a separate return with the IRS.

How does an organization apply for a gaming license?

To apply for a charitable gaming license, an application must be submitted to the Department. Applications for all Department-issued gaming licenses are included in this handbook. They are also located on our website at <https://www.doj.state.or.us/charitable-activities/charitable-gaming/charitable-gaming-license-applications-and-reports/>. Copies may also be requested from the Department at the following address or phone number:

How long does it take the Department to issue a license?

The Department has 60 days to formally approve or deny a license once a **completed** application is received. In most cases, action to approve or deny a license occurs sooner. The major cause of delays in approving licenses results from incomplete applications and lack of supporting documentation relating to tax-exempt status. The Department will reject incomplete applications and return them to the applicant. The 60-day period does not begin until the Department has accepted the application as complete. New applicants may not conduct gaming operations until they have received approval of their application from the Department. Renewal applicants, in most instances, may continue to operate while the renewal application is being processed, provided a completed application was submitted **prior** to the expiration date of the previous license. See OAR 137-025-0070 and 137-025-0080.

How long are licenses valid?

Licenses may be issued for a period not to exceed 12 months. Once issued, they are valid until they expire, are suspended, canceled, or revoked by the Department. See each gaming section of this handbook for specific license information.

What happens if my license application is denied?

If your application is denied, the Department will send you a formal notice of denial and a statement of your hearing rights. The Department is required by law to give applicants notice and opportunity for a hearing when administrative action is proposed. Such actions are commenced under the Oregon Administrative Procedures Act and are subject to judicial review by the Oregon Court of Appeals.

Are there different classes of licenses?

Yes. There are different classes of bingo, raffle, and Monte Carlo event licenses. The license class is based upon the handle or gross sales of bingo cards, raffle tickets, or imitation money at Monte Carlo events. The higher class licenses are subject to stricter controls. For example, class A and B bingo licensees are required to have licensed bingo game managers, while class C and D bingo licensees are not. The various requirements for each license class are explained in detail in the bingo, raffle, and Monte Carlo sections of this gaming handbook.

Duty to report violations of law.

ORS 464.280(3) requires licensees to report to the Department any act or omission which would constitute a violation of state law or Department rules relating to the operation of bingo, raffles, or Monte Carlo events.

The statute further provides that a person who so informs the Department shall not be discriminated against by a licensee because of supplying such information. The Department actively encourages the reporting of law violations involving charitable gaming. This serves to ensure that charitable gaming in Oregon is conducted honestly and in compliance with Oregon law.

Audits and Inspections.

The Department routinely conducts various types of audits and inspections of the licensees' records and operations. Cash audits are conducted without advance notice, during a gaming operation or at other times, wherein all cash and cash items are counted and balanced to organization records. Record inspections are conducted periodically, wherein the organization's gaming records are checked for completeness and accuracy and an evaluation is made of the licensee's overall compliance with the various rules governing charitable gaming. Audits of the records of the entire non-profit organization (or of specific areas) are also periodically conducted under authority granted to the Attorney General by the Charitable Trust and Corporations Act and ORS Chapter 464.

SECTION 2

BINGO GAMES

BLANK PAGE

OREGON DEPARTMENT OF JUSTICE CHARITABLE ACTIVITIES SECTION

BINGO GAMES

All bingo games conducted by private or public tax exempt organizations in Oregon must be licensed unless the games fall under the exception discussed in Section 1.

What are the bingo license classes?

Bingo license classes are based upon handle, which is the total amount of money raised from the sale of bingo cards (gross sales). For example, 1,000 bingo cards sold for \$1 each equals \$1,000 handle.

<u>License Class</u>	<u>Maximum Annual Handle Allowed</u>
Class A	Unlimited Handle
Class B	\$250,000
Class C	\$75,000
Class D	\$20,000

What are the fees for the various license classes?

There are three types of fees. Every licensee pays an annual *license fee* when it applies for either a new license or a renewal. Licensees also pay a *report fee*. Report fees are based upon the handle. See OAR 137-025-0150. Additionally, a *delinquency fee*, is assessed if the report is filed late. The license fees and report fees are as follows:

Class	License Fee	Report Fee
A	\$200	Paid quarterly. The report fee is 1.20 percent of the bingo handle up to \$3 million and 1 percent of the bingo handle in excess of \$3 million.
B	\$100	Paid annually. The report fee is 0.5 of one percent (1/2 of 1%) of the bingo handle, up to \$75,000, plus 1 percent of the bingo handle in excess of \$75,000.
C	\$40	Paid annually. The report fee is \$20, plus 0.5 of one percent (1/2 of 1%) of the bingo handle in excess of \$20,000.
D	\$20	Paid annually. The report fee is \$20.

Do licenses expire?

Yes. Licenses are issued for a period not to exceed 12 months. Licensees must renew their licenses each year if they intend to continue conducting bingo.

It is the responsibility of the individual licensees and permittees to ensure that their applications for renewal are filed prior to the expiration date of the current license or permit. Where ongoing games are being operated, care should be taken to see that gaming licenses and bingo game manager permits do not lapse. Under the Oregon Administrative Procedures Act, a license or permit filed **prior** to the expiration date carries over until the Department takes formal action to approve or deny the license. If the license or permit expires prior to submission of a renewal application, the application may be treated as a new application. In some cases, the licensee may not be legally entitled to continue operating bingo games while the application is being reviewed. Operating bingo games without a valid license or permit could result in disciplinary action against the licensee and/or permittee.

Can an organization be licensed at more than one location?

No. A licensee may conduct bingo games at only one location at one time unless the licensee holds a class B, C or D license and qualifies to operate in up to three counties

pursuant to ORS 464.360(2). The location must be approved by the Department and is designated on the license. A licensee that wants to change locations must obtain the approval of the Department.

Can the handle limits be exceeded?

There is no handle limit for class A licensees. Class B, C, and D licensees may **NOT** exceed the handle limit for their respective class. These licensees may apply for an upgrade to a higher class at any time. Licensees should monitor their handle carefully. Once it is apparent that the handle limit may be reached, the licensee must apply for a license upgrade to the proper class or cease operations.

License Upgrades.

Licensees may upgrade by paying the appropriate license class renewal fee, if they upgrade when renewing their license. At any other time, the upgrade fee is the difference between the new license class fee and the fees already paid for their current license class. An application on the current form for the appropriate class must be submitted with each upgrade request.

When upgrading to a class A bingo license at any time other than at renewal, licensees are considered to have operated as a class A and are required to submit retroactive quarterly reports and class A fees for the license year during which the upgrade occurred.

What is the Inventory Control and Reporting System?

The Department's Inventory Control and Reporting System is a recordkeeping and accounting system designed to provide complete and accurate records of the sales and prize payouts from bingo. Proper use of the system satisfies the recordkeeping and prescribed forms requirements of OAR 137-025-0120 through 137-025-0140.

Authorized by ORS 464.250(1)(e), Class A licensees are required to utilize the Inventory Control portion of the System. The inventory control system allows the licensee to maintain maximum control over their bingo operation and provides for individual worker accountability to facilitate control of exposure to theft and improve profitability. This includes logging in and logging out inventory and selling and recording bingo cards by sequential number. The Reporting portion of the System is required by all licensees.

The forms used with the Inventory Control and Reporting System, and other Department prescribed forms, are contained in this handbook. Training and technical support for this system is provided at no charge and may be obtained by contacting the Department.

What types of records must licensees keep?

All licensees must keep the following records on forms prescribed by the Department for a period of at least three years: See OAR 137-025-0120 through 137-025-0140.

- 1) The date, time and location of each session.
- 2) A count of the attendance and the time the count was taken.
- 3) The total bingo handle including packet, specials, progressive pots, etc. sales.
- 4) The number of regular bingo game cards sold and the total money collected from such sales.
- 5) The number of special bingo game cards sold and the total money collected from such sales for each game.
- 6) The value of the cash and noncash prizes awarded to the winner(s) and the number of winners receiving such prizes.
- 7) The total value of all prizes awarded.

- 8) A record of all winners of prizes valued at \$100 or more on a form prescribed by the Department, that includes the following:
 - a) Name and license number of the licensee;
 - b) Date and game number;
 - c) Description of the prize;
 - d) Amount of each cash prize or the retail value of the non-cash prize;
 - e) Name and address of the prize winner;
 - f) Signature of the prize winner; and
 - g) Name of the bingo employee or volunteer paying the prize.
- 9) Copies of IRS forms W-2G and 5754 to the extent such forms were required to be completed.
- 10) The total expenses directly related to bingo, itemized by major categories, and the total expenses expressed as a percentage of the total of bingo handle.
- 11) The net income from bingo.

It is the responsibility of the licensee to ensure that the prizewinner is accurately identified upon the winner's record and the licensee shall require such proof of identification as is necessary to establish the winner's identity. The licensee shall not pay out any prize until the winner has furnished to the licensee all information required by OAR 137-025-0130. If the winner is unable to be properly identified, or refuses to provide the required information or signature, the licensee shall complete an unclaimed prize receipt on a form prescribed by the Department, retain the original and issue a copy to the winner, noting this on the winner's receipt/record. Prizes not properly claimed within 30 calendar days become the property of the licensee.

The above records, along with a copy of the game schedule for that session, must be retained for three years.

What reports are required?

All licensees must file financial reports with the Department that detail their bingo activity. Class A licensees file reports for each calendar quarter. These quarterly reports are due no later than 30 days following the end of each quarter. For example, the report for the quarter ending on 3/31 is due by 4/30. Class B, C, and D licensees file annual reports which are due no later than 60 days following the end of their license year.

Bingo reports that are filed after the due dates are considered to be delinquent. A delinquency fee of \$20 or one percent (1%) of the report fee due (whichever is greater) is assessed on all delinquent reports. The minimum delinquency fee shall increase to \$50 after 60 days from the due date of the report. A report will not be considered delinquent if it is postmarked by the due date. Postage meter dates are not used in this determination.

In addition to financial reports, all licensees must have on file with the Department a current Operations Schedule that lists the days, times and location of its bingo games as well as the name of the Bingo Manager or Supervisor in charge of the games. A Permanent Change in Operations Notification must be submitted to the Department prior to any changes to its operations. Class A and B licensees must file a current Operator List for all paid employees every 90 days. Class A licensees fulfill this requirement as part of their quarterly report filing.

Finally, licensees have a responsibility to report to the Department any material fact affecting the licensee. See ORS 464.470(1)(h). Large cash shortages, thefts, mysterious disappearances of inventory, missing records, and attempts by other licensees or individuals to interfere with the independent control of their gaming operation are examples of material facts that need to be reported to the Department. The Cash Discrepancy Report should be filed in instances involving a discrepancy of \$25 or more of cash or cash items.

Failure to file or make required reports, or to pay fees may result in a civil penalty up to \$10,000 per violation and denial, suspension, or revocation of a license or permit.

Is there a limit on days and hours of operation for bingo games?

Yes. Bingo game operations are limited to not more than four days or 20 hours per week. The week begins at 12:01 AM on Sunday and ends at midnight Saturday. However, a session begun prior to midnight Saturday would still be counted towards the previous week's hourly limit. The administrative rules also permit a class C or D licensee to operate bingo games up to 12 consecutive days providing it operates bingo games at no other time during the year. This permits licensees to operate bingo during events such as state or county fairs. See OAR 137-025-0180(1) and ORS 464.350(1)(b).

Is there a limit to the value of prizes that may be offered during each bingo game?

Yes. A bingo licensee may not offer prizes that total more than \$5,000 in a single game except a licensee may award prizes not to exceed \$10,000 per game – up to two times during the license year. See OAR 137-025-0180(2) and ORS 167.118(3)(a).

What are the limits on operational expenses?

The operating expenses of bingo games are limited to no more than 22.0 (22%) percent of the annual handle. See ORS 167.118(5). Operating expenses do NOT include prizes paid to players. License and report fees paid to the Department are also NOT included as expenses in reports to the Department. Operating expenses are those expenses incurred in the operation of the games, including only the following: salaries, employee benefits, workers' compensation coverage and state and local employee taxes, security services, legal and accounting services, supplies and inventory, rent, repairs, utilities, water, sewer and garbage, insurance, equipment, printing and promotions, postage and shipping, janitorial services and supplies, and leasehold improvements. See ORS 167.117(15).

If expenses are related to both bingo and non-bingo operations of a licensee, a reasonable allocation shall be made between bingo and non-bingo activities. An example might be the building rental. If the building is used for other activities besides bingo, then a percentage of the rent paid could be allocated to non-bingo related expenses. Wages of bingo employees who also work for the organization in another capacity, totally unrelated to bingo, should also be prorated based upon the hours spent in bingo and non-bingo activities. See OAR 137-025-0180.

Are there any requirements for profitability from the bingo operation?

Yes. Class A bingo licensees must generate a profit of not less than five percent (5%) of the annual gaming handle after their handle exceeds \$250,000. See OAR 137-025-0040(8) and ORS 167.118(6). Although only class A bingo licensees are required to make a specific profit margin, all licensees are reminded that the purpose of charitable gaming is to raise funds for nonprofit organizations, not to maintain a bingo operation. Any licensee that fails to show a profit from their gaming operation should be prepared to defend a decision to continue their bingo games to the Department at renewal time.

What type of bank account must be maintained?

Each Class A or B licensee must have at least one checking account solely for bingo related purposes. All bingo proceeds, less the amount paid for prizes, must be deposited into the bingo checking account within three days of their collection. All expenses exclusively related to the conduct of bingo must be paid from the bingo account. After the bingo expenses have been paid, the licensee may transfer funds from the bingo account to another account of the licensee. Bingo checking account records, including statements, canceled checks, check registers and deposit slips must be retained for a period of three years. See OAR 137-025-0170.

Are variations of bingo games permitted?

In some cases, yes. There are several variations of bingo that are permitted in Oregon. Examples of such games are Speed Bingo or T-Up Bingo. Generally, only those variations that meet the definition of bingo as described in OAR 137-025-0020(2) are permitted. Licensees that would like to develop or play a game that is a variation of bingo should contact the Department in writing for an evaluation of the proposed variation prior to implementation.

What is linked progressive bingo?

It is a standard bingo game where an additional prize is paid to a winner based upon a designated combination, sequence or pattern. The additional prize is paid from a common prize pool which is collected from multiple participating (linked) licensees.

The operation of linked progressive bingo games shall be one of two types: single hall and multiple hall games. Multiple hall games shall be operated by a licensed linked progressive bingo contractor. Single hall games can also be operated by a linked progressive bingo contractor except that linked progressive bingo games played at a single hall – involving prizes not exceeding \$5,000 – may be operated by the licensees operating non-linked games at that location, after submitting an application and upon prior approval from the Department of Justice.

An escrow agent/company, properly licensed in Oregon, must be used for any linked progressive bingo games, whether single hall or multiple halls, where prizes can exceed \$5,000.

Can bingo licensees enact house rules or special rules for their own games?

Yes. A licensee may establish house rules, as long as such rules do not violate Oregon law or rules of the Department. All house rules must be posted, announced, or in some way clearly communicated to the players. See OAR 137-025-0160(2).

Can minors purchase bingo cards?

No, *unless the sale is made in the presence of their parent or other adult responsible for the minor's supervision.* See OAR 137-025-0040(6). Individual licensees can set more restrictive house rules for minor play, such as prohibiting minors from playing at any time or only playing on certain days/sessions, even if accompanied by a parent or other adult responsible for the minor's supervision.

Can employees and managers play bingo?

No employee or volunteer of the licensee may receive a prize or participate as a player at a bingo game session in which the employee or volunteer is actually involved in the conduct of the bingo games. See ORS 167.118(1)(a) and OAR 137-025-0160(1). It is at the licensee's discretion if they choose to allow employees or volunteers to participate as a player if they are not involved in the conduct of a bingo session.

Who may operate concessions at a bingo game?

Concessions refer to the sale of food, beverages and related bingo supplies (such as daubers and glue) sold to bingo players. There is provision in the law which permits a Class C or D licensee to conduct bingo games one day per week in a for-profit establishment, such as a restaurant. *Concession sales and expenses are **not** reportable and should not be included on session records, bingo financial reports, or deposited into or expensed through the bingo checking account.*

What is a bingo game manager?

There are three types of workers at bingo games: They are managers, supervisors, and non-supervisors (such as floor workers). Each class A or class B licensee must have a primary bingo game manager who holds a valid permit issued by the Department. They should also have a backup manager to take over in the event the primary manager leaves, is ill, or fails to renew their permit on time. The bingo game manager is

responsible for the overall game operations, including verifying the accuracy of receipts, value of prizes awarded and the correct deposit of all funds to the bingo checking account. The manager is required to be thoroughly knowledgeable about operating rules for bingo games, and is held directly accountable by the Department for the operation and conduct of the games they manage. For a more extensive list of manager responsibilities, refer to OAR 137-025-0090(3).

The bingo game manager holds an extremely important position as he/she may handle cash in amounts in excess of \$1 million per year. Therefore, bingo licensees should make every effort to ensure that the person designated as bingo game manager is honest and will manage the games in the best interest of the licensed organization and in compliance with Oregon laws.

Who is a supervisor?

A supervisor is one who directs, oversees, or inspects the work of others or has authority with respect to decision making or implementing decisions. This could apply to a team leader, cashier, bookkeeper or even a caller who has the authority to recognize a winning bingo. Any time spent performing administrative or supervisory functions related to bingo is limited to a maximum of 40 hours per week. The manager or any supervisor of a bingo operation is subject to the 40-hour limit. Managers cannot act as floor workers at their own game, or bill part of their time to non-supervisory duties. The supervisor, however, could work as a floor worker for their own game or other bingo games (at the same bingo hall or any other). Licensed, employed managers cannot work as a supervisor or manager at any other bingo game, but they can work as a floor worker for another organization's game. When employed as a floor worker for another group, the manager or supervisor cannot, in any way, become involved in the management or supervision of that game. If the building is used only for the conduct of bingo, then any time spent in that hall (including administrative or supervisory functions related to building maintenance) is included in the 40-hour limit. In-house bookkeeping activities, scheduling volunteers or employees, ordering supplies, or preparing for bingo sessions are also considered administration or operation of bingo.

The following questions should be addressed in determining whether or not activities are included in the 40-hour limit:

- 1) Does the activity have anything to do with the conduct of the bingo game or the operation of the bingo facility?
- 2) Will the person engaging in the activity be overseeing, inspecting, or directing the work of others?
- 3) Will the person engaging in the activity be making or implementing decisions regarding the operation of the facility or conduct of the games with the authority to do so?

If the answer to 1) *and* 2) OR 1) *and* 3) above is YES, then the activity is included in the 40 hours per week limit. Supervisors should maintain careful records detailing the time they spend in bingo-related duties that are subject to the 40-hour limit. Separate timesheets, one for supervisory and one for non-supervisory duties, are recommended. The Department regularly reviews timesheets and compensation records of licensees to ensure compliance with respect to the hour limitation. For review purposes, a week is a seven-day period beginning on Sunday and ending on Saturday.

Can paid employees be used to operate bingo games?

Yes. Licensees may employ individuals to operate bingo games. However, there are limits on the amount of compensation that may be paid. Employees are also limited as to the number of hours that they may work per week. Salary costs, taxes and benefits are expenses included in the 22 percent (22%) expense limitation. See ORS 167.117(15), ORS 167.118(5), ORS 464.250(1)(i), and ORS 464.340.

What types of fringe benefits are allowed?

Most common fringe benefits normally associated with employees are permitted. However, no person or employee may be paid a “bonus” or paid under any agreement that gives them a percentage based upon the gross or net income of the games.

Fringe benefits provided to employees who conduct bingo are expenses that must be reported and, as such, factor in the 22 percent (22%) expense limitation. See ORS 167.117(15). It is the Department’s position that “compensation” referenced in OAR 137-025-0040(5) is the same as “income” for federal tax purposes. If the Internal Revenue Service would treat the benefit as income to the employee, it must be included and reported as a bingo-related expense and applicable toward the compensation limit. Conversely, if the fringe benefits are not taxable income, they would not apply toward the compensation limit or be reported.

Vacation and Sick Pay Benefits.

Paid vacations and sick pay for employees of charitable gaming operations are considered compensation that must be included in wages reported to the Department. Paid vacations and sick pay are also subject to the compensation limits established by statute. In applying the compensation limits, it is important to remember that “compensation” is the total amount of compensation received. This includes the value of paid vacations, sick pay and any other benefits which the IRS would consider to be compensation under the Internal Revenue Code.

Licensees must take this into account when figuring wages, salaries, and other compensation to avoid exceeding the compensation limits. The Department computes wages, salaries, and other compensation on an hourly basis to determine compliance with the statutory limits. Licensees should maintain accurate internal payroll records that reflect the amount of vacation or sick pay earned, taken or paid.

Reporting Wages and Benefits on Quarterly or Annual Reports.

List all paid employees who receive compensation during the reporting period. List the hours worked by each person according to the type of duties performed during the period (i.e., [S] supervisory, [N] non-supervisory, and [O] other), together with the compensation the worker received for each type of duty. Use **gross** (pre-tax and before any deductions) pay, NOT net. Other [O] is for payments made for time worked that is TOTALLY UNRELATED to the bingo operation and/or for reporting vacation and sick pay. See Figure 2 below:

Can volunteers be given a bonus or incentive for working at bingo sessions?

Yes, provided that the bonus or incentive is minimal or incidental; such as a free meal, t-shirt, or holiday gift. Stipends or cash gifts of any amount are generally taxable income. In addition, the US Department of Labor states that if a volunteer is paid stipends amounting to over \$500 a year or 20% more than what an employee would be paid, they must be treated as paid staff and are subject to the laws that govern employees. This applies to in-kind benefits as well, which must be assigned fair market value. Also volunteers who receive more than \$500 a year in compensation will no longer be protected from liability claims under the Federal Volunteer Protection Act. Any bonuses

or incentives are to be included in the 22 percent (22%) expense limitation. Licensees should seek approval from the Department for any volunteer bonus or incentive program prior to implementation.

Tipping Workers at Bingo Games.

On occasion, players tip workers at bingo games. The Department has determined that tips, although income to the worker, are not compensation (as the term is used in our law) since they are a gift from a person (e.g., a player) who is not a licensee or operator of the games. Therefore, tips need not be reported as bingo-related compensation to the Department and are not included in the compensation limits, provided that the licensee does not control the tips in any manner.

Licensees are cautioned that tips should still be reported subject to the IRS guidelines and any applicable local or state wage and hour or tax laws.

The Department reserves the right to review this determination if tipping is solicited, starts to become institutionalized, or pressure to tip is brought to bear on players by licensees and/or workers. Also, our analysis assumes that the “tip” is a gift to the worker. If the worker is required to turn over all or a portion of the tip to the licensee or the tips are controlled by the licensee, this may be treated as reportable income to the licensee.

This form is to be filed by organizations applying for a new class A or B license or upgrading from a class C license to operate bingo games in Oregon. If the space provided is inadequate, add a supplemental sheet to the back of this form and identify any answers by the question number. Parts of the application may call for an original signature by a responsible official. **If the application is not fully completed or not accompanied by original signatures, it may be rejected or delayed in processing.** Once a *complete* application is filed, the Department has 60 days to approve or deny the application. For tax exempt political organizations, a copy of completed, signed and dated SEL 221 or FEC Form 1 and Form 1120 POL filed with the IRS will be accepted in lieu of the signed opinion letter. The following items will NOT be accepted as proof of tax exempt status: (1) IRS form assignment of employer or taxpayer identification number; and (2) Any articles of association or incorporation, or corporation listings which indicate solely that the organization is registered as a nonprofit entity.

Additional Documents Required. In addition to the tax exempt documentation, the following additional information and documents are required and must be submitted with the application **before** it will be processed:

Bingo Manager. Class A & B licensees are required to have licensed managers and to have a manager on site at least 50 percent of the time bingo sessions are conducted. Bingo game manager applications may be obtained from the Department. Applicants for bingo game manager permits are required to undergo a background investigation, including criminal, civil and credit histories, to be conducted by the Department. A personal interview with the Department will be conducted before a permit is issued. The annual non-refundable fee for a bingo game manager permit is normally \$40.

APPLICATION FOR A NEW AND RENEWAL CLASS C AND D LICENSE TO OPERATE BINGO GAMES

IMPORTANT NOTICE – READ CAREFULLY

This form is to be filed by organizations applying for a new and renewal of a class C or D license to operate bingo games in Oregon. Class A & B applications are filed using a separate form. Bingo licenses are available only to qualifying nonprofit organizations, public schools, and government agencies. Only nonprofit organizations that meet the following requirements qualify for a license:

1. **The organization must be exempt from the payment of Federal Income Tax, and**
2. **The organization must have held tax exempt status for a period of at least 1 year, and**
3. **During this period, the organization must have been engaged primarily in its charitable, fraternal, or religious purpose.**

Is a license required for my organization? If your organization meets the qualifications above, and intends to conduct **limited** bingo operations, it may not need a license. Licenses are not required if the organization operates games with not more than \$2,000 handle (gross sales), and the annual handle is \$5,000 or less. If you anticipate that any single session may bring in more than \$2,000, or your annual handle will exceed \$5,000, you should apply for a license.

This application must be typewritten or printed clearly in ink. All questions must be answered completely and accurately and are subject to verification by the Department. If the space provided is inadequate, add a supplemental sheet to the back of this form and identify any answers by the question number. Parts of the application may call for an original signature by a responsible official. **If the application is not fully completed or not accompanied by original signatures, it may be rejected or delayed in processing.** Once a *complete* application is filed, the Department has 60 days to approve or deny the application. You will be notified in writing if your application is rejected or denied.

PROOF OF TAX EXEMPT STATUS MUST BE PROVIDED WITH APPLICATION. (Public schools or government agencies do not need to provide proof of tax exemption.) The following items will be accepted by the Department as proof of tax exemption: (1) A determination letter from the Internal Revenue Service stating that your organization is tax exempt; (2) A copy of the IRS group exemption letter, if you are claiming to be tax exempt under a group exemption (you must provide documentation that shows the applicant organization is a subordinate organization covered by the group exemption); or (3) If the applicant organization is claiming tax exempt status other than pursuant to the provisions of the Internal Revenue Code section 501(c), a signed opinion letter from an attorney or certified public accountant that states the organization is tax exempt and which cites the relevant provisions of the Internal Revenue Code which supports the claim for tax exempt status. For tax exempt political organizations, a copy of the completed, signed and dated SEL 221 or FEC Form 1 and Form 1120 POL filed with the IRS will be accepted in lieu of the signed opinion letter. The following items will NOT be accepted as proof of tax exempt status: (1) IRS form assignment of employer or taxpayer identification number; and (2) Any articles of association or incorporation, or corporation listings which indicate solely that the organization is registered as a nonprofit entity.

Additional Documents Required. In addition to the tax exempt documentation, the following additional information and documents are required and must be submitted with the application **before** it will be processed:

- A copy of a current or proposed lease agreement for the location of the bingo games (unless applicant owns premises where games will be held).
- An authorization of inspection and waiver of liability, signed by a responsible official of the organization.
- A form certifying whether or not the organization has conducted bingo operations during the preceding 12 months prior to submitting the application for a license and providing a financial summary of such operations.
- You must list any and all persons who are proposed key persons of the proposed bingo gaming operation on this application, including the designated primary bingo game manager.
- Articles of Incorporation and Bylaws.
- Copies of any contracts or agreements relating to the bingo operation.

License Fees. The application must be accompanied by the proper license fee. The fee is determined by the class of license applied for. Make a check payable to Department of Justice. Non-refundable license classes are based upon handle, as follows:

<u>Class</u>	<u>Authorized Annual Handle Limit</u>	<u>License Fee</u>
A	Unlimited	\$200
B	\$250,000	\$100
C	\$75,000	\$40
D	\$20,000	\$20

Upgrading License Class. You may upgrade a license at any time. You must upgrade if you anticipate exceeding the handle limit of your present license. To upgrade at renewal, pay the entire fee. To upgrade during the license year, pay the difference between your present license class and the license class applied for. If you need to upgrade to a Class A or B license, you must complete a Class A & B license application.

Bingo Manager. Class A and B licensees are required to have licensed managers and to have a manager on site at least 50 percent of the time bingo sessions are conducted. Bingo game manager applications may be obtained from the Department. Applicants for bingo game manager permits are required to undergo a background investigation, including criminal, civil and credit histories, to be conducted by the Department. A personal interview with the Department will be conducted before a permit is issued. The annual non-refundable fee for a bingo game manager permit is normally \$40. Class C and D licensees are not required to have licensed managers. However, they are required to designate one or more officials or other persons as being responsible for bingo game operations.

Questions and Assistance. If you have questions or need assistance with the application, please contact Gaming Registrar.

Confidential information is requested in this application; although it will be treated accordingly, please be aware that the Department is bound by provisions of governing public records law.

Application for a Bingo Game Manager or Facility Manager Permit

General Instructions

This form is to be filed by every person applying for a permit to manage Class A or Class B bingo games or act as a Facility Manager in Oregon. The information on the form attests to an applicant's character and is used to determine the applicant's qualifications. The burden is on the applicant to establish, by clear and convincing evidence, his/her qualifications to hold a permit. Being employed by a bingo licensee is NOT a requirement for a bingo game manager permit. Any qualified individual may apply for and receive a bingo game manager permit.

If you change your bingo licensee affiliation, you must also complete the *Bingo Game Manager Change Notice*, have it endorsed by the bingo licensee you propose to re-affiliate with, and submit it to the Department. A new permit will be issued identifying your new affiliation.

Disclosure of Information Contained in the Application: This form asks for personal information. The form and certain related information are subject to disclosure under Oregon's public records law. This application must be typewritten or printed clearly in ink. All questions must be answered completely and accurately and are subject to verification by the Department. If the space provided is inadequate, add a supplemental sheet to the back of this form and identify any answers by the question number. **If the application is not fully completed, it may be rejected or delayed in processing.**

Employment or credit problems, past insolvency, bankruptcy or intention to file for bankruptcy shall not *per se* disqualify an applicant. However, the intentional omission or falsification of any item is grounds for denial or revocation of a permit. No matter how qualified you are in other aspects, you cannot receive a permit if your truthfulness is in doubt.

PHOTO REQUIRED: You must enclose a **passport style & size** photo of yourself with your initial application. The photo must have been taken within the last 30 days and must portray an accurate representation of your current appearance. Managers submitting renewals must include a current photo for years when their renewed permit will expire in an even numbered year. (If the renewed permit will expire anytime in 2018, submit photo – new or renewal; if the permit will expire anytime in 2019, no photo is required. Note that permits first issued in an odd-numbered year must also include a photo with their first renewal, but, from then on, photo submission is required only for expirations on even numbered years, 2018, 2020, etc.)

Application Fee: A \$40 non-refundable application fee for each organization must accompany the application for a bingo manager. Make a check payable to Oregon Department of Justice. Applications submitted without the proper fees will be rejected. There is no fee for a facility manager permit. Pursuant to ORS 464.250(2), the Department may assess additional fees to cover the actual investigative costs associated with a particular application .

Application Processing: Once an application has been accepted as complete, the Department has 60 days to approve or deny the permit. If you submit a renewal application before your permit expires, the permit will hold over until the Department approves or denies your renewal. If you submit the application for renewal after the permit has expired, it may be treated as a new application. Any games managed without a permit could subject you and your organization to disciplinary action. A background investigation, including criminal, civil and credit histories, will be conducted by the Department. A personal interview with the Department will be conducted for all new applicants before any permit is issued. New Personal Inquiry Waiver and Financial Institution Account Authorization disclosures must be submitted with each application, new or renewal, or the application will be rejected as incomplete.

Questions and Assistance: All of the answers to the Gaming Law Competencies may be found in the Oregon Administrative Rules, Chapter 137, Division 25, and the Oregon Revised Statutes, Chapter 464. You should have received a set of each with the application. If you do not have a current set of the rules and statutes, you may request them from the Department. If you have questions or need assistance with the application, contact the Department at (961) 673-1880. Ask for the Charitable Activities Section, Gaming Registrar or a Gaming Investigator.

To renew your permit, you must complete a renewal application. **No Photocopies Accepted.**

Note: Keep a copy for your records.

Gaming Law Competencies

Oregon Law requires bingo managers to be knowledgeable regarding the rules for the conduct of bingo games. [See OAR 137-025-0090(4).] You must read and initial, where indicated, each of the following sections as part of your application. You will need to review a copy of the Oregon Revised Statutes, and the Oregon Administrative Rules in order to properly complete this form. The reference to the statute or rule is where you will find each of the specific subjects addressed.

1	<p>OAR 137-025-0020 [Definitions] I have read and understand the definitions as listed in this Rule. Initial: _____</p>
2	<p>OAR 137-025-0090 I understand that as a manager, I am hired and subsequently employed by a nonprofit organization which has obtained a Bingo License entitling them to conduct bingo in the State of Oregon; and that, as their employee, I am accountable to them regardless of whether their bingo operation is located in a multi-license facility or a single-license facility. I seek my direction from the Licensee, not the other organizations playing at the same location, and not the Facility Manager. Initial: _____</p> <p>I understand that I cannot act as a bingo game manager or supervisor (paid or unpaid) for more than one licensee without approval by the Department. Initial: _____</p> <p>I understand that the Rules require that I am present a minimum of 50% of the time during each quarter my Licensee's games are in session, but I also understand that I should be present at my Licensee's bingo games in order to maintain control over, and my responsibility for, the games.</p>
3	<p>OAR 137-025-0191 I understand that if I am employed by a Licensee located in a multi-license facility, the facility manager's duties are limited to the use, maintenance or upkeep of the facility, and that the facility manager must not exercise supervision or control over functions related to the operation of the games of any other Licensees. I further understand that if I am the facility manager at a multi-license facility, I am prohibited from interfering with the independent control of other Licensees' bingo operations. Initial: _____</p>
4	<p>OAR 137-025-0500 I understand that the Department may seek sanctions against me for violations of rules and laws pertaining to the conduct of bingo in Oregon, including, but not limited to, misrepresenting or failing to disclose to the Department any material fact; failing to file completed reports or pay fees as specified in the rules or regulations; operating without a valid manager permit or bingo license; failing to maintain adequate financial recordkeeping system and/or failure to keep accurate financial books and records. Sanctions may include a monetary penalty and/or loss or suspension of my manager permit. Initial: _____</p>
5	<p>ORS 464.290 I understand that an organization shall not be eligible to obtain or retain a license to conduct bingo if it does not exercise, or if it ceases to exercise, independent control over its activities and budget. Initials: _____</p>
6	<p>ORS 464.310 I understand that as a manager I am not allowed to participate in the management or operation of any other bingo operation unless such participation is approved by the Department. Initial: _____</p>
7	<p>ORS 464.340 and OAR 137-025-0040 I understand that compensation for a manager is decided by the Licensee, and may not exceed 300% of the federal minimum wage; that I can only be paid for hours worked, and that I am prohibited from spending more than 40 hours per week administering or operating bingo games. I understand this means that I must be able to document the hours I have worked, and I cannot work more than 40 hours total per week, including the actual hours of operation of bingo, bookwork, and other duties, regardless of where the work is performed. Initial: _____</p>
8	<p>Nonprofit Fiduciary Rules I understand that, as an employee for the nonprofit bingo licensee, I am acting as their agent and am entrusted with the safeguarding and proper handling of their assets, including money, property, and their good name. It is my responsibility to be sure that the Licensee's money is deposited and accounted for according to the rules and regulations of the Department. I further understand that to misappropriate, take, borrow, make unauthorized loans to myself or others of the Licensee's money and/or property or assets is theft and could subject me to civil and criminal sanctions. General Instructions

This form is to be filed by every person applying for a permit to manage Class A or Class B bingo games or act as a Facility Manager in Oregon. The information on the form attests to an applicant's character and is used to determine the applicant's qualifications. The burden is on the applicant to establish, by clear and convincing evidence, his/her qualifications to hold a permit. Being employed by a bingo licensee is NOT a requirement for a bingo game manager permit. Any qualified individual may apply for and receive a bingo game manager permit.

If you change your bingo licensee affiliation, you must also complete the *Bingo Game Manager Change Notice*, have it endorsed by the bingo licensee you propose to re-affiliate with, and submit it to the Department. A new permit will be issued identifying your new affiliation.

Disclosure of Information Contained in the Application: This form asks for personal information. The form and certain related information are subject to disclosure under Oregon's public records law. This application must be typewritten or printed clearly in ink. All questions must be answered completely and accurately and are subject to verification by the Department. If the space provided is inadequate, add a supplemental sheet to the back of this form and identify any answers by the question number. **If the application is not fully completed, it may be rejected or delayed in processing.**

Employment or credit problems, past insolvency, bankruptcy or intention to file for bankruptcy shall not *per se* disqualify an applicant. However, the intentional omission or falsification of any item is grounds for denial or revocation of a permit. No matter how qualified you are in other aspects, you cannot receive a permit if your truthfulness is in doubt.

PHOTO REQUIRED: You must enclose a **passport style & size** photo of yourself with your initial application. The photo must have been taken within the last 30 days and must portray an accurate representation of your current appearance. Managers submitting renewals must include a current photo for years when their renewed permit will expire in an even numbered year. (If the renewed permit will expire anytime in 2018, submit photo – new or renewal; if the permit will expire anytime in 2019, no photo is required. Note that permits first issued in an odd-numbered year must also include a photo with their first renewal, but, from then on, photo submission is required only for expirations on even numbered years, 2018, 2020, etc.)

Application Fee: A \$40 non-refundable application fee for each organization must accompany the application for a bingo manager. Make a check payable to Oregon Department of Justice. Applications submitted without the proper fees will be rejected. There is no fee for a facility manager permit. Pursuant to ORS 464.250(2), the Department may assess additional fees to cover the actual investigative costs associated with a particular application .

Application Processing: Once an application has been accepted as complete, the Department has 60 days to approve or deny the permit. If you submit a renewal application before your permit expires, the permit will hold over until the Department approves or denies your renewal. If you submit the application for renewal after the permit has expired, it may be treated as a new application. Any games managed without a permit could subject you and your organization to disciplinary action. A background investigation, including criminal, civil and credit histories, will be conducted by the Department. A personal interview with the Department will be conducted for all new applicants before any permit is issued. New Personal Inquiry Waiver and Financial Institution Account Authorization disclosures must be submitted with each application, new or renewal, or the application will be rejected as incomplete.

Questions and Assistance: All of the answers to the Gaming Law Competencies may be found in the Oregon Administrative Rules, Chapter 137, Division 25, and the Oregon Revised Statutes, Chapter 464. You should have received a set of each with the application. If you do not have a current set of the rules and statutes, you may request them from the Department. If you have questions or need assistance with the application, contact the Department at (961) 673-1880. Ask for the Charitable Activities Section, Gaming Registrar or a Gaming Investigator.

To renew your permit, you must complete a renewal application. **No Photocopies Accepted.**

Note: Keep a copy for your records.

DEPARTMENT OF JUSTICE

BINGO INVENTORY CONTROL AND REPORTING SYSTEM

Instructions and Guidelines Version June 2018

This system has been designed to provide complete and accurate reporting of the income and prize payouts from a bingo session. Forms utilized in this system meet Department requirements under ORS 464.250(e) and are the prescribed forms under OAR 137-025-0120 through 137-025-0140.

Authorized by ORS 464.250(1)(e), Class A licensees are required to utilize the Inventory Control portion of the System. The inventory control system allows the licensee to maintain maximum control over their bingo operation and provides for individual worker accountability to facilitate control of exposure to theft and improve profitability. The system requires licensees to record the sales of bingo cards by sequential number. Serially-numbered cards or packets must be used and may not be sold out of sequence. Licensees are additionally required to inventory bingo cards upon receipt from the distributor and to record when inventory is put into play. Training of licensee supervisory staff is recommended prior to implementation. Questions regarding training and implementation may be addressed by calling the Department at (971) 673-1880.

Also authorized by ORS 464.250(1)(e), all licensees are required to utilize the Reporting portion of the System.

Numbering Systems

For most bingo paper, the Top Serial Number is on or above the N. The Sequential or Audit Number on a singles sheet is found in the free space and also in the lower right corner. On a Three on Vertical the Sequential or Audit number is usually found in the top face between the letter B and the letter I. The Sequential or Audit Number on a Six on Vertical sheet is usually located between the letter G and the letter O on the second face of the top row of the sheet. It is enclosed in a box and has a 6V preceding it. Alternative Sequential or Audit Numbers for some Six on Vertical sheets are the same as the Three on Vertical. These sheets are double Three on Vertical and will contain a skip of 100 between every package of 100.

Inventory Security

Bingo paper shipments received should be logged into inventory prior to the next bingo session played. Bingo paper should be stored in a secure area at all times. Each unsold packet or sheet represents cash. Missing bingo paper will be charged against the licensee's handle at the retail sales price of that particular series. Inventory logged out for play should remain in a secure area until signed for by a particular worker. Unsold stock returned at the completion of sale should be accounted for and returned to secure storage. Unsold stock should **not** normally be re-logged into inventory, but should be secured until needed for the next bingo session. Each licensee is responsible for compliance with inventory security procedures. Those licensees playing at multi-license facilities may not delegate responsibility for inventory control procedures to another licensee. Each licensee should order, store, and sell only their own bingo paper. Trading paper or splitting orders is not permitted.

CONTENTS

This packet contains instructions and sample forms for the system:

Required by Class A licensees:

Packet Inventory Log
Specials/Singles Inventory Log
Packet Sales Record
Single/Specials Sales Record

Required by all licensees:

Bingo Session Summary-Cash Control
Cash Count Form
Cash Discrepancy Report
Prize Payout Record
Bingo Winners Record
Unclaimed Prize Receipt
Permanent Change in Operations Notification

Required by Class A and Class B licensees:

Bingo Game Manager Change Notice
Class A and Class B Licensee Operator List

Make copies of these forms as required for your particular bingo operation. **Please note that some forms are two-sided and both sides are required.** Specific instructions for the use of each type of form are as follows:

Packet Inventory Log and Specials/Singles Inventory Log

The log sheets are used to inventory your packets and specials/singles. The forms are self-explanatory. Stock received must be logged in before the next session of bingo may be played. Keep inventory secured. Unaccounted for packets and singles are considered to be sold and are to be included in your handle. A separate log should be maintained for each type of packet and each individual special/single game.

Packet Sales Record

This form is to be used to record the sales of regular throwaway packets. This form should be used *only* if you purchase commercially-printed packets from a distributor. If you make up your own packets, you must use the Specials/Singles Sales Record. Record the number of cards per sheet, number of sheets per packet, serial number, color (top sheet), and the beginning and ending audit or sequential numbers sold. Also enter the retail value for that particular series.

Packets must be sold by audit or sequential number and in numerical order. For this reason, it is recommended that packets only be sold at one location in the bingo hall. **Each packet not accounted for will be considered sold and is counted as handle.** Please note: the retail value of the packet must remain consistent throughout its use. If a change in selling price is desired, a different serially-number packet must be used. Enter the totals from this form on the Bingo Session Summary - Cash Control form in the appropriate spaces provided. If a licensee is using a Point-of-Sale system (POS), the packet sales record must be reconciled to the POS sales report; once again, any paper no longer in inventory is considered sold and must be included in gross handle.

Specials/Singles Sales Record

This form is used to record the sales of single sheets, bonanzas, and specials. **Single sheets, bonanzas, and specials must be serially and sequentially numbered and sold in numerical**

order. Unsold sheets out of sequence must be accounted for and retained with the daily summary or re-logged into inventory. **Each packet or sheet not accounted for will be considered sold and is counted as handle.** As with packets, the retail selling price must remain consistent throughout its use. If a change in the retail sales price is desired, a different series or color must be used. For example, licensees selling Bonanzas for half price with a trade-in, must use a different series and color for the half-price sheets. Enter the totals from these forms on the Bingo Session Summary – Cash Control form in the appropriate spaces provided. If a licensee is using a Point-of-Sale system (POS), the specials/singles sales record must be reconciled to the POS sales report; once again, any paper no longer in inventory is considered sold and must be included in gross handle.

Bingo Session Summary – Cash Control Form

This is the primary form which summarizes the sales and payouts occurring during each bingo session. Totals from the other forms are transferred to this form. The form contains spaces to record the sales of packets, specials, bonanzas and gift certificates as well as accruing of progressive payouts from "jar" or "lucky number" games and single hall and multi-hall linked progressive bingo games. Specific instructions for completing this form may be found on the back of the form. Licensees must reconcile their cash at the end of each session. The form contains a reconciliation section at the bottom right. Cash shortages or overages in excess of \$10 must be briefly explained in writing on the form. Differences of \$25 or more should have the notation "see Cash Discrepancy form" and that form completed. The amount of deposit required on line 7 should normally match the amount deposited to your bingo account. If line 7 is \$0.00 or less (net loss for the session), no deposit is required. Deposits must be made within three (3) business days following the date of the session. Attach the original deposit slip or a copy to this form.

Cash Count Form

This form is optional, however highly recommended from an internal control aspect. The form is used to record the count of coin, currency, checks, and credit card receipts. If utilized, the monies are to be counted by, and the report signed by, two separate individuals.

Cash Discrepancy Report

This form should be completed to report any cash discrepancy of \$25 or more, including theft or any mysterious disappearance of cash. The report is to be sent to the Department within three (3) business days following the discovery.

Prize Payout Record

This form is used to record the prize payouts for each individual game in the session. Prizes for games played on packet sheets or cards and those played for games on specials or single sheets should be listed in the appropriate column. The last column "Other" is to be used to record additional prizes awarded during a game such as hot ball jackpots, king and queen, etc. Only the total number of winners and total prizes per game need be listed (i.e., 5 winners - \$200) regardless of the differing amounts paid to each individual winner. If part or all of a prize is made by non-cash payment (check or merchandise), then also list the amount of the non-cash payment in the "Summary of Non-Cash Prize" section. At the end of the session, total the different games and types on the form and enter the totals in the spaces provided on the Bingo Session Summary – Cash Control Form.

Bingo Winners Record

For each player receiving a prize of \$100 or more from a bingo game, the Bingo Winners Record must be completed and it must contain the following information: Licensee's name and license number; date of the session; game number; amount and description of the prize; name, address, and signature of the winner; type of identification used, including the last four digits of any number of such identification; and the name of the bingo employee or volunteer paying the prize. If the

licensee is unable to properly identify any winner or if any winner refuses to provide required information or signature, retain both copies of the record and issue an Unclaimed Prize Receipt to the winner, noting this on the Bingo Winners Record. No prizes of \$100 or more can be awarded without issuance of a Bingo Winners Record. No Bingo Winners Record may be issued unless the prize is entered on the Prize Payout Record.

Unclaimed Prize Receipt

It shall be the responsibility of the licensee to ensure that the prizewinner is accurately identified upon the Bingo Winners Record and the licensee shall require such proof of identification as is necessary to establish the winner's identity. The licensee shall not pay out any prize until the winner has furnished to the licensee all information. If the winner is unable to be properly identified, or refuses to provide the required information or signature, the licensee shall complete an Unclaimed Prize Receipt. Retain the original and issue a copy to the winner, noting this on the Bingo Winners Record. Prizes not properly claimed within 30 calendar days become the property of the licensee.

Permanent Change in Operations Notification

This form is used to notify the Department of any permanent changes to a licensee's playing schedule, change of location, and/or change in Bingo Manager or Supervisor as required by OAR 137-025-0090, 137-025-0100, and 137-025-0180. The section "Manager/Supervisor Change" should not only be completed by Class A and Class B licensees (who are required to have a licensed manager), but also Class C and Class D licensees to report the change in the person who is responsible for overseeing their bingo games.

Bingo Game Manager Change Notice

This form is used to notify the Department of any contact information or organization affiliation changes for **licensed** Bingo Managers as required by OAR 025-0090.

This form is used to provide the Department a listing of all bingo employees as required by OAR 137-025-0110. This listing is required by Class A and Class B licensees and is to be provided every ninety (90) days.

CASH REGISTER RECOMMENDATIONS

Cash registers may be used to record sales of bingo cards, but are not a substitute for inventory controls. The register should contain specific features and be used in the following manner:

Recommended Features

- (1) An internal tape which records full details of all transactions.
- (2) A consecutive 4-digit transaction number which cannot be reset without zeroing out the machine.
- (3) Sufficient keys to record each separate pricing scheme offered to players for which cash register receipting is used.
- (4) A customer receipt which contains:
 - a) The licensee's name (or assumed business name);
 - b) Transaction date;
 - c) Sales amount by each type of sale; and
 - d) The 4-digit customer transaction number.
- (5) The register must be able to retain its transaction count between uses, despite power source interruptions.

Operational Requirements

- (1) The internal tape must be retained with the session records.
- (2) All receipts not issued to customers (voids, overrings, No Sales, etc.) must be retained with the session records.
- (3) Each customer must possess his/her own receipt.
- (4) If the register is used for purposes other than bingo, internal tapes for those other sales must be retained for a period of not less than three years and available for Department review.

Instructions for Bingo Session Summary – Cash Control Form

This is the primary form which summarizes the sales and payouts occurring during each bingo session. Totals are entered on this form. This form contains spaces to record the sales of regular packets or cards and specials, etc., as well as accruing for progressive payouts from progressive games.

Licensees are required to reconcile their cash at the end of each session. This form contains a reconciliation section at the bottom right. Cash shortages or overages of \$25 or more must be reported to the Department on the Cash Discrepancy Report. The amount shown as deposited (Line 7) should match the amount actually deposited to your bingo account. In certain circumstances, if checks are accepted for sales, the amount of total checks could exceed the required deposit. In these instances, the actual deposit amount may be greater than that shown. Briefly explain these differences on the form. Deposits must be made within three (3) business days following the date of the session. Deposit receipts and the duplication deposit slip must be retained with these records.

TYPE OF SALE: An entry must be made for each separate type of sale. Examples of sale types are Regular Packets, Bonus Packets, Specials, Early Bird or Warm-ups, Bonanzas, Hot Balls, Sales of Gift Certificates, etc.

GROSS RECEIPTS: The amount of sales as indicated by your receipting records. This is NOT the count of cash, but the dollar amount of card sales, etc. that should be present as indicated by your receipting records. Class A licensees are to reconcile their receipting records to the paper packet and single/specials sales records every session. Each packet or single/special not accounted for is considered to be sold and must be counted as handle.

ADJUSTMENTS: This column is used to report voids, overrings, coupons and gift certificates redeemed, and other necessary adjustments to the gross receipts. Cash overages or shortages are NOT to be reported in this column. Cash register receipts not issued to customers (i.e., No Sale, Voids, Overrings) as well as "X" or "Z" tapes must be retained. Voided receipts are to be signed by a manager or supervisor and by the customer. Gift certificates and coupons redeemed are to be dated and signed by the customer and are also retained.

ADJUSTED GROSS HANDLE: The mathematical result of Gross Receipts less Adjustments. The total of this column, in the Session Total line, is the HANDLE reported to the Department on Quarterly or Annual Reports or other periodic reports.

LESS PRIZE PAYOUTS: Enter the amount of total payouts made for each type of sale, as listed in the "Type of Sale" column (i.e., Regular, Bonus, Specials, Bonanzas, Hot Balls, etc.)

NET RECEIPTS: The mathematical result of Adjusted Gross Handle less Prize Payouts for each type of sale is entered here. The total of this column is the Gross Profit for the session (1).

SESSION TOTAL: The total of all columns should be entered on this line.

PROGRESSIVES: 1. Non-Linked Progressives: *A progressive prize offered by a single licensee.* Licensees that set aside small prize amounts in a "jar" fund or progressive pot must complete this section. The Beginning Balance is the previous session's Ending Balance or \$0.00. Add any additions and subtract any payouts made during the session. Additions and payouts must also be entered in the Session Total section. The Ending Balance is the result of any additions or payouts made to the Beginning Balance. The Ending Balance becomes the Beginning Balance on the next session. Remember that the maximum payout for any one game is \$5,000 (except a licensee may award prizes not to exceed \$10,000 per game up to two times during the license year), regardless of the amount in the progressive jackpot.

2. Linked Progressives: (a) Linked Progressives (Not Escrowed): *A progressive prize offered by two or more licensees at a single location, in which NO escrow agent is used. (Note: the amount of the prize cannot exceed \$5,000).* **(b) Linked Progressives (Escrowed):** *A progressive prize offered by two or more licensees at a single location or licensees from different halls, in which an escrow agent is being used to handle the prize money and make the payouts.*

Licensees that participate in a single hall or multiple hall linked progressive bingo game will need to report the handle raised from such a game if a separate fee is charged to players for playing the linked game. The amount of money paid into a linked prize pool should only be reported on the daily cash control sheet if that money is taken out of the session bank deposit. On the quarterly/annual report, however, contributions to the linked prize pools WOULD always be reported as a prize payout, regardless of whether the money is taken out of the session bank deposit or not.

If a licensed contractor is used to administer the linked progressive bingo game (multi hall or single hall), then a licensed escrow agent must also be used to handle the prize payout money and make payments to winners of the linked prize pools, regardless of the prize amount. A licensed contractor and escrow agent MUST be used for any linked games where prizes might exceed \$2500 or where the link is between two or more different halls.

RECONCILIATION:

- (1) The total of the **NET RECEIPTS** column.
- (2) **Add Beginning Bank** – Enter the amount of the beginning bingo bank.
- (3) **Add Non-Cash Prize** – Enter the total of amount of awarded prizes that were paid by check or other than actual cash.
- (4) **Subtotal** – The mathematical result of Lines 1+2+3 = Subtotal.
- (5) **Less Cash Per Count** – Enter the amount of actual cash, checks and credit card receipts from a physical count of ALL bingo funds (including the beginning bingo bank).
- (6) **Cash Over/Short** – The mathematical result of Line 5 minus Line 4.
- (7) **Deposit** – The amount deposited to the bank account. This should equal the amount on Line 5 less Line 2. If you have taken in checks or credit cards, your actual deposit amount may exceed the game net. If line 7 is \$0.00 or less (net loss for the session), no deposit is required. In either case, a check may have to be drawn to replenish the starting bingo bank. Briefly explain any discrepancies on the form.

SIGNATURES: The signatures of the person preparing this form, as well as the bingo game manager, indicating review of the completed form, are required.

SECTION 6

RAFFLE GAMES

BLANK PAGE

OREGON DEPARTMENT OF JUSTICE CHARITABLE GAMING HANDBOOK

RAFFLES

All raffles conducted by private or public tax exempt organizations in Oregon must be licensed unless the raffle falls under the exception discussed in Section 1.

What is a Raffle?

A raffle is a form of lottery in which each participant buys a chance for a prize and the winner is determined by random drawing. As with all lotteries, a raffle includes the elements of consideration, chance and a prize. Consideration is presumed to be present unless it is clearly and conspicuously disclosed to prospective participants that tickets may be acquired without contributing something of economic value. See OAR 137-025-0020(4).

What is the difference between a raffle and a contest or sweepstakes?

A contest or a sweepstakes typically does not include the element of consideration. In other words, a person is not required to pay or to purchase any goods or services in order to receive a chance to get the prize. Any person or organization may conduct a contest or sweepstakes in Oregon where no consideration is required of the participant. No license or permit is required by the State of Oregon; however, there are statutes in effect to protect the public from certain sweepstake schemes and contests and you are urged to review these prior to beginning any such contest. See ORS 646.651.

What are the raffle license classes?

There are two classes of raffle licenses. A Class A license authorizes a licensee to conduct raffles throughout the license year without restriction as to raffle handle. See OAR 137-025-0200(1).

A Class B license authorizes a licensee to conduct raffles throughout the license year with the handle for each such game not to exceed \$10,000. See OAR 137-025-0200(2).

What are the fees for a raffle license?

There are three types of fees. Every licensee pays an annual *license fee* when it applies for either a new license or a renewal. The license fees are \$100 for a class A license and \$40 for a class B license. For those generating annual gross handle exceeding \$10,000, licensees also pay an annual *report fee* equal to 2 percent of the raffle handle up to \$125,000 and 0.5 of 1 percent of the raffle handle in excess of \$125,000. Additionally, a *delinquency fee*, equal to one percent (1%) of the report fee, or \$20, whichever is greater, is assessed if the report is filed late. The minimum delinquency fee shall increase to \$50 after 60 days from the due date of the report. See 137-025-0280.

Do licenses expire?

Yes. Licenses are issued for a period not to exceed 12 months. Licensees must renew their licenses each year if they intend to continue conducting raffles.

It is the responsibility of the individual licensee to ensure that their applications for renewal are filed prior to the expiration date of the current license. Where ongoing raffles are being operated, care should be taken to see that the raffle license does not lapse. Under the Oregon Administrative Procedures Act, a license filed **prior** to the expiration

date carries over until the Department takes formal action to approve or deny the license. If the license expires prior to submission of a renewal application, the application may be treated as a new application. In some cases, the licensee may not be legally entitled to continue operating raffles while the application is being reviewed. Operating raffles without a valid license could result in disciplinary action against the licensee.

License Upgrades

Licensees may upgrade by paying the appropriate license class renewal fee, if they upgrade when renewing their license. At any other time, the upgrade fee is the difference between the new license class fee and the fees already paid for the old license class.

What types of records must licensees keep?

All licensees must keep the following records on forms prescribed by the Department for a period of at least three years: See OARs 137-025-0240, 137-025-0250 and 137-025-0270.

- 1) The date of each raffle.
- 2) The total handle (gross sales) for each raffle.
- 3) The total expenses for each raffle.
- 4) The total amount of cash prizes and the cost of noncash prizes which were awarded for each raffle.
- 5) The winning ticket stubs for each raffle.
- 6) Receipts from the vendor for the purchase all non-cash prizes awarded with a retail value of more than \$500. For all other noncash prizes advertised as having a retail value of more than \$500, records identifying the prize, the donor or other source of the prize, and the basis for determining the prize's retail value.
- 7) For each prize with a retail value of \$200 or more, a winners' record which contains the following:
 - a) Name of the licensee.
 - b) Date of the drawing.
 - c) Description of the prize.
 - d) Name and address or other contact information of the winner.
In addition to the above, for each prize with a retail value of \$600 or more:
 - e) Signature of the winner.
 - f) Street address of the winner.

In addition, class A licensees must prepare and maintain a raffle log book for all raffles where the handle may exceed \$10,000. The log book shall contain:

- 1) The names of all ticket sellers.
- 2) The numbers of tickets received by each seller.
- 3) The number of purchased tickets returned to the licensee by each seller.
- 4) The amount of money from ticket sales returned to the licensee by each seller.

What if a prize is unclaimed or the winner declines to accept a prize?

When raffle prizes are unclaimed, the prizes shall be held in trust for a period of six months from the date of the draw. If at that time the prizes are unclaimed, the prize shall be donated to the licensee. The licensee must make every reasonable effort to notify the winner. Any unclaimed prizes are to be documented on a form prescribed by the Department and retained as part of the raffle records. See OAR 137-025-0290(5).

If the winner is contacted but declines to accept the prize, a written statement to this fact is required and should include the winner's name, signature, contact information,

and the prize disposition. A licensee should avoid allowing the winner to state that they are “donating” the prize back to the licensee as this may result in tax implications. This statement should be retained as part of the raffle records.

What reports are required?

All licensees must file with the Department an annual report that details the raffle activity for the prior license year. Annual reports are due no later than 60 days following the end of the license year. See OAR 137-025-0270.

What is a raffle notice?

A raffle notice is a form that is submitted to the Department for all raffles in which the handle could exceed \$10,000. The notice contains specific information, including a sample ticket, pertaining to the raffle in question. The Department must approve the raffle notice and the accompanying ticket **before** a licensee may begin selling the tickets. Licensees should not print the tickets until the notice and a sample ticket has been approved. See OAR 137-025-0260.

What information must be disclosed to ticket purchasers?

The following information must be printed upon each raffle ticket or otherwise disclosed to each ticket purchaser at the time of ticket sale. See OAR 137-025-0310:

- 1) Date and time of the drawing.
- 2) Location of the drawing.
- 3) Name of the organization conducting the raffle.
- 4) Price of the ticket.
- 5) Description of the prizes to be awarded.
- 6) Retail value of each prize.
- 7) The total number of tickets which may be sold.

What is the limit of the value of prizes in a raffle?

A raffle licensee may not award cash prizes at a single raffle event totaling more than \$5,000 (e.g., one cash prize of \$1,500 and one cash prize of \$3,500); may not offer a single non-cash prize with a retail value in excess of \$75,000; and the total retail value of all prizes offered or awarded at a single raffle event shall not exceed \$100,000. Gift cards and gift certificates may exceed \$5,000 as long as the holder cannot redeem the face value for cash. See OAR 137-025-0300.

What are the limits on operational expenses?

The operating expenses of raffles are limited to no more than 22.0 percent (22%) of the annual handle. Operating expenses do NOT include prizes paid to players. License and report fees paid to the Department are NOT included as expenses in reports to the Department. Operating expenses are those expenses incurred in the operation of the raffle. The most common raffle expenses include printing, advertising, booth rental at fairs, and staff expenses. If paid employees are used to conduct a raffle, their hours and wages are limited (as in bingo). Remember that employers are responsible for all tax collection, payment, and reporting requirements in such situations. See ORS 167.117(15), ORS 167.118(5), ORS 464.250(1)(i), and ORS 464.340.

Raffle Variations.

In a conventional raffle, the winners are selected by drawing the winning ticket stub(s) from a receptacle. A licensee may wish to use an unconventional format that employs a different selection process for determining the winners. A common example is a “duck” race. Duck races are specifically allowed under the current administrative rules. See OAR 137-025-0291. Other alternative formats may be used **only if they are approved**

by the Department prior to the sale of any raffle tickets. See OAR 137-025-0290(8) and (9).

Must a ticket purchaser be present to win?

No. A licensee cannot require that a person be present at a raffle drawing in order to be eligible to receive a prize. See OAR 137-025-0290(2).

Use of the word “Donation.”

Raffle licensees sometimes use the word “donation” to describe the price of a raffle ticket. This is incorrect in that a donation is a voluntary contribution, which may be tax deductible if made to a qualified charity. The IRS considers the purchase of raffle tickets as gambling and does not treat the purchase of raffle tickets as tax deductible because the purchaser is receiving something of value in exchange for the purchase price. See OAR 137-025-0290(13).

Does the Organization Have to Own the Prize Before Selling Tickets?

Yes. An organization cannot sell raffle tickets in order to obtain the funds to purchase the advertised prize(s); it must own or have a purchase agreement in place prior to any tickets sales. For motor vehicle prizes, the organization must provide to the Department clear title, a dealer invoice or a purchase agreement. If the vehicle is used or custom, the organization must also provide a written appraisal by a licensed appraiser verifying its value and mileage.

Can minors purchase raffle tickets?

No, *unless the sale is made in the presence of their parent or other adult responsible for the minor’s supervision.* See OAR 137-025-0040(6).

Can independent contractors be used to conduct raffles?

No. Raffles must be conducted solely by the licensee through its members, volunteers, and employees. See ORS 167.118(1) and ORS 464.310(2). However, independent contractors may provide certain collateral services, such as printing the raffle tickets. These providers are not subject to the hour and compensation limits, but the cost of their services is an expense included in the 22.0 percent (22%) expense limit.

Can volunteers be given a bonus or incentive for selling raffle tickets?

Yes, provided that the bonus or incentive is minimal or incidental; such as a free meal, t-shirt, or holiday gift. Stipends or cash gifts of any amount are generally taxable income. In addition, the US Department of Labor states that if a volunteer is paid stipends amounting to over \$500 a year or 20% more than what an employee would be paid, they must be treated as paid staff and are subject to the laws that govern employees. This applies to in-kind benefits as well, which must be assigned fair market value. Also volunteers who receive more than \$500 a year in compensation will no longer be protected from liability claims under the Federal Volunteer Protection Act. Any bonuses or incentives are to be included in the 22 percent (22%) expense limitation. Licensees should seek approval from the Department for any bonus or incentive program prior to implementation.

CLASS A AND B LICENSE TO OPERATE RAFFLE GAMES**

IMPORTANT NOTICE – READ CAREFULLY

Raffle Games possess inherent risks for gaming licensees. Not all raffle games are successful fundraisers. Your organization should carefully consider its marketing plan to ensure that you have sufficient volunteers and employees to sell enough tickets to make your raffle a successful event. Once you commence ticket sales, under Oregon law **you are generally required to complete the raffle event and award the prize** regardless of how many tickets you sell. You generally cannot cancel the raffle once you begin raffle ticket sales. ORS 646.608 the "Oregon Unlawful Trade Practices Act" prohibits making false statements about a prize, contest or promotion; or advertising real estate, goods or services with intent not to provide them as advertised; or promising to deliver real estate, goods or services with intent not to deliver them.

High end items such as motor vehicles are especially risky. Even if you do not sell as many tickets as you hope to, you must still hold the event and award the prize. Your raffle might not generate a profit for your organization.

Your organization must own the advertised raffle prize. In the case of motor vehicles, this means that your organization must furnish the Department with a copy of a clear title to the vehicle. If the vehicle is a used or custom vehicle, you must provide a written appraisal verifying its advertised value and mileage by an authorized appraiser. If new, submit copy of dealer sales invoice and/or purchase contract.

Any raffles offering a prize of cider, distilled liquor, malt, beverage or wine must also adhere to the raffle regulations of the Oregon Liquor Control Commission. Any raffles offering a prize of a firearm must also adhere to the regulations of the Bureau of Alcohol, Tobacco, Firearms and Explosives.

See instructions on next page

INSTRUCTIONS

Enclosed is an application for a license to conduct raffles in Oregon. This application may be used to apply for a new license, and renew or upgrade an existing license. Raffle licenses are available to qualifying nonprofit organizations. Only nonprofit organizations that meet the following requirements qualify for licenses:

- *The organization must be exempt from the payment of federal income tax; and*
- *The organization must have held tax exempt status for a period of at least one year.*

If your organization meets the qualifications above, and intends to conduct limited raffle operations, it may not need a license. Licenses are not required if:

- *The organization conducts raffles with not more than \$10,000 handle (gross sales) per any calendar year; and/or*
- *Your total ANNUAL handle is \$10,000 or less.*

If you anticipate that any single raffle may bring in more than \$10,000, and/or your annual handle will exceed \$10,000, you should apply for a license. The license application is, for the most part, self-explanatory. Please type or use ink to complete the application. Complete all items fully. Parts of the application may call for an original signature by a responsible official. Applications that are incomplete or are not accompanied by original signatures will be rejected. Once a complete application is filed, the Department has 60 days to approve or deny the application. You will be notified in writing if your application is rejected or denied.

Proof must be provided that the applicant organization has held tax exempt status for at least one year along with this application. Public schools or government agencies do not need to provide proof of tax exemption. The following will be accepted by the Department as proof of tax exempt status:

- *A determination letter from the IRS stating that your organization is tax exempt.*
- *A copy of the IRS group exemption letter, if you are claiming to be tax exempt under a group exemption. You must provide documentation that shows the applicant organization is a subordinate organization covered by the group exemption.*
- *A copy of the filed SEL 221 or FEC Form 1 and a copy of the filed IRS Form 1120 POL, if the applicant organization is claiming tax exempt status as a political action committee.*
- *If the applicant organization is claiming tax exempt status other than pursuant to the provisions of the Internal Revenue Code section 501(c), a signed opinion letter from an attorney or certified public accountant that states the organization is tax exempt and which cites the relevant provisions of the Internal Revenue Code which supports the claim for tax exempt status.*

The following items will NOT be accepted as proof of tax exempt status:

- *IRS Form - Assignment of Employer or Taxpayer Identification Number.*
- *Any articles of association or incorporation, or corporation listings which indicate solely that the organization is registered as a nonprofit entity.*

Educational institutions must have their school principal, district superintendent, dean, or school president certify that the institution or division thereof is authorized to conduct raffles.

License Fees. The application must be accompanied by the proper license fee. All fees are non-refundable. The fee for a Class A license is \$100. The fee for a Class B license is \$40. Make a check payable to Oregon Department of Justice. The authorized handle limit for a Class B licensee is \$10,000. There is no handle limit for a Class A license.

SECTION 8

MONTE CARLO GAMES

BLANK PAGE

OREGON DEPARTMENT OF JUSTICE CHARITABLE GAMING HANDBOOK

MONTE CARLO EVENTS

All Monte Carlo events conducted by private or public tax exempt organizations in Oregon must be licensed unless they fall under the exception discussed in Section 1.

What is a Monte Carlo event?

A Monte Carlo event is a gambling event at which wagers are placed with imitation money upon contests of chance in which players compete against other players or against the house. The event encompasses casino-style gambling, using cards, dice, and roulette wheels. Players wager and win imitation money (chips, tokens, imitation currency). No cash can be wagered or won. Players may exchange the imitation money for non-cash prizes, “purchase” tickets for raffle drawings, or use it for a chance to “purchase” prizes at an auction.

What are the Monte Carlo event classes?

There are two classes of Monte Carlo licenses. Class A licenses authorize up to seven (7) events per license year and a handle (gross sales) in excess of \$10,000 per event. Class B licenses authorize seven (7) events per license year with a handle not to exceed \$5,000 per event; OR up to two (2) events per license year with a handle not to exceed \$10,000 per event. See OAR 137-025-0405.

What are the fees for a Monte Carlo event license?

There are three types of fees. Every licensee pays an annual *license fee* when it applies for either a new license or a renewal. The license fees are \$100 for a class A license and \$40 for a class B license. Every licensee also pays an annual *report fee* equal to 1 percent. Additionally, a *delinquency fee* equal to one percent (1%) of the report fee, or \$20 (whichever is greater) is assessed if the report is filed late. The minimum delinquency fee shall increase to \$50 after 60 days from the date of the report. See OAR 137-025-0410(3) and 137-025-0480(1).

Do licenses expire?

Yes. Licenses are issued for a period not to exceed 12 months. Licensees must renew their licenses each year if they intend to continue conducting Monte Carlo events.

It is the responsibility of the individual licensee to ensure that their applications for renewal are filed prior to the expiration date of the current license. Where ongoing Monte Carlo events are being operated, care should be taken to see that the license does not lapse. Under the Oregon Administrative Procedures Act, a license filed **prior** to the expiration date carries over until the Department takes formal action to approve or deny the license. If the license expires prior to submission of a renewal application, the application may be treated as a new application. In some cases, the licensee may not be legally entitled to continue operating Monte Carlo events while the application is being reviewed. Operating Monte Carlo events without a valid license could result in disciplinary action against the licensee.

License Upgrades

Licensees may upgrade by paying the appropriate license class renewal fee, if they upgrade when renewing their license. At any other time, the upgrade fee is the difference between the new license class fee and the fees already paid for the old license class.

What types of records must licensees keep?

All licensees must keep the following records on forms prescribed by the Department for a period of at least three years: See OAR 137-025-0470 through 137-025-0475.

- 1) The date of each event.
- 2) The total handle (gross imitation money sales) for each event.
- 3) The total expenses for each event.
- 4) The total cost to the licensee of prizes that were awarded at each event.
- 5) A description of all Monte Carlo prizes offered in conjunction with each Monte Carlo event, and the retail value of each prize which is valued at \$200 or more. Receipts from the vendor for the purchase all non-cash prizes awarded with a retail value of more than \$500. For all other noncash prizes advertised as having a retail value of more than \$500, records identifying the prize, the donor or other source of the prize, and the basis for determining the prize's retail value.
- 6) Any contracts with licensed suppliers of Monte Carlo event equipment and/or licensed Monte Carlo event contractor.
- 7) Any contracts for the rental or use of premises of each event.

What reports are required?

All licensees must file with the Department an annual report that details the Monte Carlo activity for the prior license year. Annual reports are due no later than 60 days following the end of the license year. See OAR 137-025-0470.

What is a Monte Carlo event notice?

At least 10 days prior to conducting a Monte Carlo event where the handle (gross sales of imitation money) is intended to exceed \$5,000, each licensee shall submit to the Department a completed Monte Carlo event notice on a form prescribed by the Department which contains the following: Licensee name and license number; the location, date and time of the event; a description of and retail value of the prizes to be awarded that exceed \$100 in value; a description of the manner in which imitation money is redeemed for prizes; the name, address and copy of the contract with any supplier of rented Monte Carlo event equipment and/or any Monte Carlo event contractor that will conduct the event; the name, address and copy of the contract with any facility where the event will be held; and a listing of which type of games will be offered in accordance with OAR 137-025-0460. See OAR 137-025-0435.

What is the limit of the value of prizes at a Monte Carlo event?

No cash prizes can be offered or awarded. Licensees may not offer a single non-cash prize with a retail value in excess of \$50,000 and the total of retail value of all prizes offered or awarded at any event shall not exceed \$100,000. See OAR 137-025-0455.

What are the limits on operational expenses?

There are no set limits on the operating expenses of Monte Carlo events; however, licenses are issued by the Department for the purpose of fundraising for the nonprofit organization. Licensees that conduct events that do not generate any net income or take losses on the events will be required to justify the renewal of any Monte Carlo event license. License and report fees paid to the Department are NOT included as expenses in reports to the Department. If paid employees of the licensee are used to operate the event, their hours and wages are limited as in bingo.

How is imitation money sold at Monte Carlo events?

Imitation money (currency, tokens, or chips) may only be sold by members or employees of the licensee. Imitation money may not be sold nor cash handled by a Monte Carlo event contractor, or agents, or employees of a contractor, even if the

person is a member of the licensee. The imitation money shall be identifiable to the licensee or contractor operating the event. Licensees need to record the total sales of all imitation money, at the sales amount, not the value of the imitation money received. Once purchased, imitation money cannot be redeemed for cash or cash equivalent. A licensee may not collect from any player a sum in excess of \$500 per event for the purchase of imitation money. See OAR 137-025-0450.

Authorized Games.

Only authorized games may be conducted during a Monte Carlo event. The authorized games are: Blackjack, Roulette, Craps, Caribbean Stud Poker, Let It Ride, Wheel of Fortune, Red Dog, Jackpot, Pai Gow, and Texas Hold 'Em. No other games may be conducted unless approved in writing by the Department. To be considered for approval, a request must be submitted in writing to the Department at least 30 days prior to the event. No games utilizing any electromechanical device or other mechanism employing electronic chips, tubes, video display screens, or microprocessors are allowed. See OAR 137-025-0460.

Can minors participate in Monte Carlo events?

No. No person under the age of 18 years of age can participate in gaming at a Monte Carlo event nor can they assist in conducting a Monte Carlo event. See OAR 137-025-0460(7).

Do the Monte Carlo Equipment Suppliers and Event Contractors need to be licensed?

Yes. All Monte Carlo Equipment Suppliers and event Contractors need a supplier or contractor license issued by the Department. However, Monte Carlo event licensees may conduct the event using their own members and equipment without obtaining a supplier or contractor license. The use of outside unlicensed suppliers or contractors could subject the organization and individuals to penalties, including fines and/or loss of license. See OAR 137-025-0400.

APPLICATION FOR A NEW AND RENEWAL OF A CLASS A AND B LICENSE TO OPERATE MONTE CARLO GAMES

IMPORTANT NOTICE – READ CAREFULLY

Enclosed is an application for a license to conduct Monte Carlo Events in Oregon. This application may be used to apply for a new license, and renew or upgrade an existing license. Monte Carlo Event licenses are available to qualifying nonprofit organizations. Only nonprofit organizations that meet the following requirements qualify for licenses:

- *The organization must be exempt from the payment of federal income tax; and*
- *The organization must have held tax exempt status for a period of at least one year.*

If your organization meets the qualifications above, and intends to conduct limited Monte Carlo Event operations, it may not need a license. Licenses are not required if:

- *The organization conducts Monte Carlo Events with not more than \$2,000 handle (gross sales) per event; and*
- *Your total ANNUAL handle is \$5,000 or less.*

If you anticipate that any single Monte Carlo Event may bring in more than \$2,000, or your annual handle could exceed \$5,000, you should apply for a license. The license application is, for the most part, self-explanatory. Please type or use ink to complete the application. Complete all items fully. Parts of the application may call for an original signature by a responsible official. Applications that are incomplete or are not accompanied by original signatures will be rejected. Once a *complete* application is filed, the Department has 60 days to approve or deny the application. You will be notified in writing if your application is rejected or denied.

You must provide proof of tax exempt status with your application. Public schools or government agencies do not need to provide proof of tax exemption. The following will be accepted by the Department as proof of tax exempt status:

- *A determination letter from the IRS stating that your organization is tax exempt.*
- *A copy of the IRS group exemption letter, if you are claiming to be tax exempt under a group exemption. **Also, you must provide documentation (usually a Charter) that shows the applicant organization is a subordinate organization covered by the group exemption.***
- *If the applicant organization is claiming tax exempt status other than pursuant to the provisions of the Internal Revenue Code section 501(c), a signed opinion letter from an attorney or certified public accountant that states the organization is tax exempt and which cites the relevant provisions of the Internal Revenue Code which supports the claim for tax exempt status. For tax exempt political organizations, a copy of the completed, signed and dated forms SEL 221 or FEC Form 1 and Form 1120 POL will be accepted in lieu of the signed opinion letter.*

The following items will NOT be accepted as proof of tax exempt status:

- *IRS Form - Assignment of Employer or Taxpayer Identification Number.*
- *Any articles of association or incorporation, or corporation listings which indicate solely that the organization is registered as a nonprofit entity*

Educational institutions must have their school principal, district superintendent, dean, or school president certify that the institution or division thereof is authorized to conduct Monte Carlo Events.

- Monte Carlo events must be conducted by employees or volunteers of your organization, or by a **licensed** Monte Carlo event contractor. If the contractor you propose to use is not licensed by the Department, direct them to apply for a license at the address below. Monte Carlo equipment may be rented from a licensed Monte Carlo equipment supplier and operated by your organization's volunteers or employees. If the Monte Carlo equipment supplier is not licensed by the Department, direct them to apply for a license at the address below.
- **License Fees.** The application must be accompanied by the proper license fee. All fees are non-refundable. The fee for a Class A license is \$100. Authorizes up to seven Monte Carlo Events per license year with a handle **in excess** of \$10,000 per event. The fee for a Class B license is \$40. Authorized up to seven Monte Carlo events per license year with a handle **not to exceed** \$5,000 per event or up to two events per license year with a handle **not to exceed** \$10,000 per event. Make a check payable to OR Department of Justice.

If you have any questions concerning the application or the licensing process, contact the Gaming Registrar.:

SECTION 10

DISCIPLINARY ACTIONS

BLANK PAGE

OREGON DEPARTMENT OF JUSTICE CHARITABLE GAMING HANDBOOK

DISCIPLINARY ACTIONS

The Department attempts to secure compliance with the laws and regulations which govern charitable gaming by means of education, training, and consultation. In addition, there are a variety of disciplinary measures which can be applied. See *ORS 464.470, 464.995 and OAR 137-025-0500*.

What types of sanctions or penalties may be imposed for noncompliance?

The Department may take one or more of the following disciplinary actions:

1. Assess a civil penalty up to \$10,000 per violation;
2. Attach to a license or permit special conditions not required for most other licensees;
3. Suspend, revoke, or deny a license or permit;
4. Referral for criminal prosecution, as a Class A misdemeanor.

Disciplinary procedures:

The department takes disciplinary action in several ways, depending on the severity and nature of the violation(s).

Correction Notices: Generally, written correction notices are issued to licensees for minor violations and/or to suggest corrective action on the part of a licensee. The correction notice may require a licensee to take corrective action by a specific date. Correction notices are placed in the licensee's permanent file. Failure to take corrective action may result in the imposition of additional disciplinary action.

Administrative Citations: For some violations, the Department issues administrative citations. Citations describe the specific alleged violations of law, and generally provide notice that the department intends to assess a civil penalty in the form of a fine or, in some cases, a short term suspension. The licensee must respond to the citation by a certain date specified on the citation.

Licensees are usually given 3 options when responding to a citation:

1. Accept the penalty as proposed;
2. Accept the penalty, but provide the department with a written explanation of the conduct in mitigation, together with a request for a reduction of the penalty; or
3. Request a formal notice, together with a statement of hearing rights.

Notices of Administrative Action: For more severe violations, or in response to a licensee's request for a formal notice following the issuance of an administrative citation, the department will issue a formal notice to the licensee. The notice will specify the alleged violation(s) of law, the sanctions (including civil penalties) which the department proposes to impose, and a statement of hearing rights in the matter.

In some cases the department may be willing to resolve an action through a negotiated settlement without going through a formal hearings process. Licensees wanting to discuss alternative resolution options should contact the department.

Hearings are held as provided by the Oregon Administrative Procedures Act (ORS Chapter 183). Licensees and Permittees may be represented by counsel at the hearing. Licensees requesting a hearing must notify the Attorney General *in writing* that they are requesting a hearing. *Requests must be made within 20 days of the date of the mailing of the notice, unless the proposed administrative action is for refusal to renew or revocation of a license or manager permit, in which case request for a hearing must be made within 60 days of the date of mailing the notice.*

Requests for hearings should be directed to:

Portland, Oregon 97201
Ph. (971) 673-1880
Fax. (971) 673-1882
TTY (800) 735-2900

Once a request for a hearing is received, the Attorney General will notify the licensee of the date, time, and location of the hearing. Licensees will also be given information on the procedures, right of representation, and the rights of parties relating to the conduct of the hearing as required under ORS 183.413(2) before the commencement of the hearing.

If a licensee fails to request a hearing within 60 days, or fails to appear at a scheduled hearing, the Attorney General may issue a Final Order of Default denying the license or permit and/or imposing a civil penalty or other sanctions.

The record of all proceedings, including the information contained in the administrative files of the Charitable Activities Section of the Oregon Department of Justice automatically becomes part of the contested case record upon default for the purpose of proving a prima facie case.

(9)(a) "Gray machine" means any electrical or electromechanical device, whether or not it is in working order or some act of manipulation, repair, adjustment or modification is required to render it operational, that:

A person who gambles at a social game of chance on equal terms with the other participants therein is a person who does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefor and supplying cards or other equipment used therein. A person who engages in bookmaking is not a player.

(17) "Profits from unlawful gambling" means that a person, acting other than solely as a player, accepts or receives money or other property pursuant to an agreement or understanding with another person whereby the person participates or is to participate in the proceeds of unlawful gambling.

(19) "Raffle" means a lottery operated by a charitable, fraternal or religious organization wherein the players pay something of value for chances, represented by numbers or combinations thereof or by some other medium, one or more of which chances are to be designated the winning ones or determined by a drawing and the player holding the winning chance is to receive something of value.

(20)(a) "Slot machine" means a gambling device that as a result of the insertion of a coin or other object operates, either completely automatically, or with the aid of some physical act by the player, in such a manner that, depending upon elements of chance, it may eject something of value or otherwise entitle the player to something of value. A device so constructed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability.

Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on the basis other than chance.

(b) "Slot machine" does not include any device authorized by the Oregon State Lottery Commission for:

(B) Training and testing purposes by the Department of State Police.

ADMINISTRATION

464.250 Powers and duties of Department of Justice; fees; rules. (1) The Department of Justice has the following powers and duties relating to the regulation of bingo, lotto or raffle games or Monte Carlo events:

(a) To authorize and regulate the operation of bingo, lotto and raffle games and Monte Carlo events permitted under ORS 167.117 and to adopt rules in accordance with applicable provisions of ORS chapter 183 for the performance of the department's duties.

(b) To issue and renew licenses and permits for operation of bingo, lotto and raffle games and Monte Carlo events, including the manufacturers and suppliers of equipment and supplies necessary for the operation of the games and events and escrow agents holding money or property to be awarded as a prize, and to adopt license and permit fees. Licenses and permits are valid for one year unless renewed. The department shall set fees at an amount sufficient to cover all costs incurred by the department in its activities. License fees consist of an initial payment, in an amount established by rule, prior to issuance or renewal of the license, together with a monthly payment constituting a percentage of the licensee's monthly gross income from the operation each month thereafter. An applicant for a license or a permit shall submit with the application a sum adequate to pay the required initial fee payment. If the applicant later withdraws the application or the department denies the application, the department shall retain the portion of the amount submitted to it that will pay the reasonable costs expended for processing and investigating the application. If the fee adopted by the department is less than the actual expenses of the department to investigate an application,

the department may charge to the applicant an additional fee to repay the department for those costs. The department may refuse to proceed with its investigation or to issue a license until the department has been fully paid for those costs. The department shall create at least two classes of licenses for each activity regulated under this section. The licensing and operational requirements for licensees and the extent to which background checks are conducted under paragraph (d)(B) of this subsection must be commensurate with the size of the licensee's bingo, lotto, raffle or Monte Carlo event operations. The department shall adopt rules exempting from licensing any organization that would otherwise qualify for a license and that is engaged in minimal bingo, lotto or Monte Carlo event activity.

(c) To prescribe the manner and method of payment of all moneys to be paid to or collected by the department.

(d) To adopt requirements as to what information an applicant must provide to the department. However, each license applicant must provide, and the department shall require, the names and addresses of all persons having a management or ownership interest in the bingo, lotto, raffle or Monte Carlo event operation or in the premises on which the operation is conducted and the names and addresses of all officers and directors of the applicant organization. The department shall also require the names and addresses of all persons employed in bingo, lotto, raffle or Monte Carlo event operations. The following apply to applications under this paragraph:

(A) An applicant shall certify, under oath, that the persons named on the application are all of the persons known by the applicant to have an interest in the bingo, lotto, raffle or Monte Carlo event operation or the premises on which the operation is

conducted including all officers and directors of the applicant organization.

(B) The department may require fingerprints, a photograph, a handwriting sample and background checks, including state and nationwide criminal records checks under ORS 181A.195, on any person seeking a license from it or any person holding an interest in any bingo, lotto, raffle or Monte Carlo event operation or in the premises on which it is conducted. The department may also require fingerprints or background checks, including state and nationwide criminal records checks under ORS 181A.195, of any manager or other employee of such a bingo, lotto, raffle or Monte Carlo event operation.

(e) To adopt record keeping requirements for licensees of the department and the submission of reports to the department as the department determines necessary. The department may require licensees to record and report income from bingo, lotto, raffle, Monte Carlo events, concessions and other related operations, the amounts received from each player, the costs and expenses of operations, the nature and value of prizes and the fact of distribution of such prizes to the winners thereof. The department may adopt internal financial and inventory control requirements under this paragraph that are based on and commensurate with the size of a licensee's bingo, lotto, raffle or Monte Carlo event operations.

(f) To regulate and establish maximum limits on income derived by licensees from bingo, lotto, raffles or Monte Carlo events. However, in establishing limits, the department shall take into account:

(A) The nature, character and scope of the activities of the licensee;

(B) The sources of other income to the licensee; and

(C) The percentage or extent to which income derived from bingo, lotto, raffles or Monte Carlo events is used for charitable purposes, as distinguished from nonprofit purposes other than charity.

(g) To regulate the manner of operation of bingo, lotto and raffle games and Monte Carlo events conducted by licensees, including the approval of which games may be played and the equipment to be used. The department shall regulate the types of equipment, rules and methods of play to ensure the integrity and fairness of the games.

(h) To cooperate with state and local law enforcement agencies in investigating matters within the scope of the department's duties and responsibilities.

(i) To establish maximum limits on compensation paid to persons employed by charitable, fraternal or religious licensees, for the purpose of conducting licensed games, not to exceed 200 percent of the federal minimum wage standard, or, for a person who supervises a bingo, lotto, raffle or Monte Carlo event operation for a charitable, fraternal or religious organization and is subject to the limitations of ORS 464.340, 300 percent of the federal minimum wage standard, and to establish maximum limits for other expenses connected with such operations. In establishing these limits, the department shall consider the amount of income received, or expected to be received, by the organization from the bingo, lotto, raffle, Monte Carlo events, concessions and other related operations and the amount of money the operation could generate for the organization's purposes absent such expenses. The department may also take into account other factors, including but not limited to whether charitable purposes are benefited by the activities.

(2) The department may not require a person working as a volunteer in a bingo, lotto, raffle or Monte Carlo event operation conducted by a bona fide charitable, fraternal or religious organization to obtain a permit for such work if the person does not receive compensation of any kind from the organization, other than reimbursement for actual or reasonable expenses, or have any managerial or supervisory responsibility in connection

with it. The department may require that bingo, lotto, raffle and Monte Carlo event operators employing unlicensed volunteers submit to the department periodically the names, addresses and dates of birth of the volunteers. The department may adopt reasonable character standards for volunteers, and if a volunteer does not meet the standards, the department may require that the licensee not allow the volunteer to work for the licensee.

(3) Subject to ORS 167.118, the department by rule may establish value limits for prizes awarded at bingo, lotto or raffle games or Monte Carlo events and may regulate or prohibit the giving to patrons of any other thing of value to promote attendance at the games.

(4) The department by rule may establish a maximum amount that a person may wager at a Monte Carlo event. [1987 c.914 §4; 1991 c.274 §3; 1991 c.962 §19; 1997 c.867 §3; 1999 c.218 §2; 2001 c.576 §3; 2003 c.417 §2; 2005 c.730 §26; 2017 c.60 §2]

464.270 Licensing requirements. (1) The Department of Justice shall not issue a license to conduct bingo, lotto or raffle games or Monte Carlo events to any organization unless:

(a) The organization is exempt from payment of federal income taxes as a charitable, fraternal or religious organization; and

(b) The organization has held such tax exempt status for at least one year preceding its application to the department for a license and during which time the organization engaged primarily in its charitable, fraternal or religious purpose.

(2) An application for a license must be accompanied by a certificate of the organization's exemption from payment of income taxes as a charitable, fraternal or religious organization and by such other evidence of the organization's status under subsection (1) of this section as the department may require.

(3) If an organization loses its tax exempt status after having applied for or having received a license, the organization shall promptly notify the department of the change in status. A license issued by the department shall cease to be valid whenever the organization to which it is issued loses its tax exempt status. [1987 c.914 §11; 1997 c.867 §4]

464.280 Burden to establish qualifications; applications; liability of persons who supply information. (1) The burden is upon holders of bingo, lotto, raffle or Monte Carlo event licenses and permits and applicants for such licenses or permits to establish the qualifications required of such license or permit holders or applicants, by clear and convincing evidence. The burden is also upon the licensee or license applicant to establish by clear and convincing evidence the qualifications of the premises in which the licensed activity will be conducted.

(2) Application for a license to operate a bingo, lotto or raffle game or Monte Carlo event must be accompanied by:

(a) A written consent to the inspections authorized under ORS 167.118, 464.250 to 464.380, 464.420 and 464.450 to 464.530 and under such rules as the department may adopt; and

(b) A written waiver of potential liability claims against the State of Oregon, its agencies, employees and agents for any damages resulting from any disclosure or publication of any information acquired by the Department of Justice during any of its investigations, inquiries or hearings.

(3) All license and permit holders and persons having any financial, management or employment interest in bingo, lotto, raffle or Monte Carlo event licensees, including but not limited to employees and agents of such licensees, shall have a duty to inform the department or its staff of any act or omission which they believe would constitute a violation of state law or department rules relating to the operation of bingo, lotto or raffle games or Monte Carlo events. No person who so informs the department or its staff shall be discriminated against by a licensee because of supplying such information. If a licensee or permittee, or an officer or director thereof, upon request from the

department or its designee, fails to produce requested information, evidence or testimony, relating to a bingo, lotto, raffle or Monte Carlo event operation, the department may suspend or revoke the license or permit of the licensee or permittee.

(4) Any written or oral statement made in the course of an official investigation or other proceeding of the department by any member, employee or agent of the department, or by any witness testifying under oath, which is relevant to the investigation or proceeding is absolutely privileged and shall not be the source of liability for slander, libel or defamation, or constitute any grounds for recovery in a civil action. [1987 c.914 §20; 1997 c.867 §5]

464.290 Eligibility for license requires independent control by organization. An organization shall not be eligible to obtain or retain a license to conduct a bingo, lotto, raffle or Monte Carlo event operation if it does not exercise, or if it ceases to exercise, independent control over its activities and budget. However, an organization shall not be ineligible for a license merely because it is chartered by or affiliated with another organization, so long as it exercises independent control over its activities and budget. [1987 c.914 §9; 1997 c.867 §6]

464.300 Temporary license. The Department of Justice may specially license, in such manner as it finds appropriate, the conduct of a temporary bingo, lotto, raffle or Monte Carlo event operation whenever the operation is to be for a limited period of time not exceeding 30 days. A license shall be granted under this section for unique or occasional events subject to such record keeping and reporting requirements as the department shall require of such operations. [1987 c.914 §7; 1997 c.867 §7]

464.310 Eligibility to participate in management or operation of games; rules. (1) A licensee of the Department of Justice under ORS 167.117 and 167.118 and this chapter, or an applicant for a license under ORS 167.118, 464.250 to 464.380, 464.420 and 464.450 to 464.530, without approval of the department, shall not knowingly permit any person to participate in the management or operation of any bingo, lotto or raffle game or Monte Carlo event for which a license from the department is required if that person:

(a) Has been convicted of or forfeited bond upon, or has been granted diversion upon a charge involving forgery, theft, willful failure to make required payments or reports to a government agency at any level, or filing false reports to such an agency, or of any similar offense, or of bribing or otherwise unlawfully influencing a public official or employee of any state or the United States, or of any crime, whether a felony or a misdemeanor, involving any gambling activity or physical injury to any person, or involving moral turpitude; or

(b) Has violated, failed to comply with, or refused to comply with provisions, requirements, conditions, limitations or duties imposed by ORS 167.118, 464.250 to 464.380, 464.420 and 464.450 to 464.530 or the rules of the department.

(2) No person other than a member or employee of a licensed organization, or any other person authorized under the rules of the Department of Justice, may participate in the management or operation of a licensed bingo, lotto, raffle or Monte Carlo event operation. No person who participates in the management or operation of any such bingo, lotto, raffle, Monte Carlo event, concession or related operation may concurrently participate in the management or operation of any other operation unless such participation is approved by the department. The department shall adopt rules authorizing concurrent participation on a temporary basis in response to emergency circumstances. [1987 c.914 §§17(1), 21; 1997 c.867 §8; 2001 c.228 §3]

464.340 Limitation on time spent administering or operating games; rules. The Department of Justice by rule shall prohibit any licensee from allowing any person to spend more than 40 hours in any one week administering or operating the licensee's games. [1987 c.914 §5; 1991 c.274 §4; 2001 c.228 §5; 2017 c.60 §3]

464.350 Limitation on operation of games; rules. (1)(a) The Department of Justice by rule may establish limits on the number of hours per day and days per week that organizations licensed by the department may operate bingo or lotto games or Monte Carlo events.

(b) By rule, the department may not permit the operation of bingo or lotto games by any licensee for more than 20 hours in any one week nor for more than four days in any one calendar week.

(2) An organization authorized by law to operate Monte Carlo events:

(a) May not conduct more than seven Monte Carlo events in any 12-month period;

(b) May not directly or indirectly rent a facility for a Monte Carlo event from a licensed manufacturer or supplier of Monte Carlo event equipment; and

(c) May not enter into a binding legal contract with a licensed supplier of Monte Carlo equipment to conduct events for a period in excess of one year.

(3) No Monte Carlo event shall be conducted that exceeds 12 hours in length. For the purposes of this subsection, each 12-hour period shall begin at the official starting time of the Monte Carlo event and run continuously, whether or not contests of chance are continuously operated.

(4) Monte Carlo events shall not be conducted at the same location more than 15 times in a calendar month or more than 40 times in a calendar year. [1987 c.914 §8; 1997 c.867 §9; 2003 c.14 §297; 2003 c.417 §3; 2017 c.60 §4]

464.360 Limitation on number of games for which organization can be licensed. (1) Except as provided in subsection (2) of this section, an organization may, at any one time, be licensed to conduct only one bingo, lotto or Monte Carlo event operation. The license shall authorize the organization to conduct its operation within only one county, which shall be a county designated by the licensee at the time of application for the license. The license shall authorize the organization to conduct games at a designated location that shall not vary except upon authorization of the Department of Justice.

(2) The department may license an organization to conduct one bingo game per county in not more than three counties provided that:

(a) The bingo games are conducted at a location in which the organization regularly conducts charitable program activities; and

(b) The organization has a cumulative annual handle from its bingo operation that does not exceed \$250,000. [1987 c.914 §10; 1997 c.867 §10; 2005 c.355 §1]

464.380 Variations depending on number, frequency or gross income authorized; rules. (1) In adopting rules for the licensing of bingo, lotto or Monte Carlo event operations, the Department of Justice may impose, to the extent it finds practicable, more or fewer requirements upon such operations on the basis of the number of games, the frequency of Monte Carlo events or the gross income of the operation.

(2) As used in subsection (1) of this section, "gross income" means the total amount of money or other thing of value bet, less a deduction therefrom of the amount returned to players as prizes. [1987 c.914 §6; 1997 c.867 §11; 2001 c.228 §4]

464.385 Exemption from licensing and reporting requirements for organizations conducting certain

raffles. Charitable, fraternal or religious organizations that conduct raffles that have handles of less than \$10,000 in one calendar year are exempt from the licensing and reporting requirements for raffles under ORS 167.108 to 167.164 and 464.270 to 464.530. [2001 c.576 §2]

464.390 Exceptions; review; continuance of exception. (1) When the Department of Justice determines that there is a compelling community need for the charitable activities funded by a bingo operation, and that funding will be seriously reduced by the operation of ORS 167.117 and 167.118 and this chapter, then the department may grant exceptions to ORS 464.250 (1)(i), 464.340 and 464.350 for any bingo licensee that was operating a bingo game in January 1987.

(2) The department shall review the exceptions granted under this section not less than once per year, unless the department determines that there has been a material change of circumstances since the time the exceptions were granted to the licensee, in which case the department shall initiate an immediate review of the license.

(3) The department may not continue an exception to a licensee that otherwise meets the requirements of this section if there has been a material change of circumstances since the time when the licensee was granted the exception.

(4) For purposes of this section, "a material change of circumstances" includes:

(a) Failure of the licensee to conduct a bingo game for 18 consecutive months in accordance with the exceptions previously granted by the department; or

(b) Operation by the licensee of its bingo game in a county other than the county in which it operated its bingo game in January 1987, unless the game remains in the same city.

(5)(a) Subject to this section, a bingo licensee may continue to operate a bingo game under the terms of an exception that was granted under this section prior to October 4, 1997, including but not limited to any limitation on the annual handle imposed or applicable under the terms of the exception.

(b) On written notice to the department, a licensee may elect to operate a bingo game under ORS 167.118 without a limitation on the annual handle of the licensee.

(c) A licensee that elects to operate a bingo game without a limitation on the annual handle of the licensee shall comply with ORS 464.350. [1987 c.914 §28; 1997 c.867 §12; 1999 c.218 §3; 2001 c.78 §1]

LOCAL AUTHORITY

464.420 Local prohibition in lieu of state regulation. A county or city may prohibit the operation of bingo, lotto, raffles or Monte Carlo events. If the county or city does not prohibit the operation of bingo, lotto, raffles or Monte Carlo events, then such games shall be regulated only as provided under state law. [1987 c.914 §23; 1997 c.867 §13]

464.430 [Formerly 465.100; repealed by 1997 c.867 §24]

FINANCE

464.450 Oregon Gaming Account; uses. (1) There is hereby created in the General Fund of the State Treasury an account known as the Oregon Gaming Account.

(2) The Department of Justice shall pay into the State Treasury all moneys received by the department under ORS 167.117 and 167.118 and this chapter. The State Treasurer shall deposit the moneys in the General Fund to the credit of the Oregon Gaming Account. The moneys in the Oregon Gaming Account are continuously appropriated to the department to pay its expenses in administering and enforcing its rules and in

otherwise performing its lawful duties under ORS 167.117 and 167.118 and this chapter. [1987 c.914 §16]

DISCIPLINE

464.470 Grounds for suspension, revocation or denial of or refusal to renew license or permit; civil penalty. (1) The Department of Justice may deny an application for or refuse to renew a bingo, lotto, raffle or Monte Carlo event license or permit, and it may suspend or revoke any license or permit, for grounds stated in this section. Grounds for denial, renewal, suspension, revocation or civil penalty include, but are not limited to, cases in which the applicant, licensee or permit holder, or any person with an interest in the bingo, lotto, raffle or Monte Carlo event operation or proposed operation of the license applicant or licensee:

(a) Has continued to operate bingo, lotto, raffles or Monte Carlo events after losing the tax exempt status of the licensee as required under ORS 167.117 or ceases to exercise independent control over its activities or budget as required under ORS 464.290.

(b) Has violated or has failed or refused to comply with ORS 167.108 to 167.164, 464.270 to 464.380, 464.420 or 464.450 to 464.530, or has violated a rule adopted by the department, or has allowed such a violation to occur upon premises over which the applicant, licensee or interested person has substantial control.

(c) Has knowingly caused, aided or abetted, or conspired with another to cause, any person to fail or refuse to comply with the provisions, requirements, conditions, limitations or duties imposed by ORS 167.108 to 167.164, 464.270 to 464.380, 464.420 or 464.450 to 464.530, or to fail or refuse to comply with a rule adopted by the department.

(d) Has obtained a license or permit by fraud, misrepresentation or concealment, or through inadvertence or mistake.

(e) Has been convicted of or forfeited bond upon, or has been granted diversion upon a charge involving forgery, theft, willful failure to make required payments or reports to a government agency at any level, or filing false reports to a government agency, or any similar offense or offenses, or of bribing or otherwise unlawfully influencing a public official or employee of any state or the United States, or of any crime, whether a felony or misdemeanor, involving gambling activity, physical injury to individuals or moral turpitude.

(f) Denies the department or its designee access to any place where a licensed game is conducted, denies such access by any law enforcement officer, or fails promptly to produce for inspection or audit any records or items it is required by law or by department rule to produce.

(g) Fails to display the appropriate license or permit on the premises where the licensed game is conducted at all times during the conduct of the game.

(h) Misrepresents or fails to disclose to the department any material fact.

(i) Fails to demonstrate to the department, by clear and convincing evidence, qualifications for the license or permit according to state law and the rules of the department establishing such qualifications.

(j) Is subject to current prosecution or pending charges, or to a conviction regardless of whether it has been appealed, for any offense described in paragraph (e) of this subsection. At the request of an applicant for an original license, the department may defer decision upon the application during the pendency of the prosecution or appeal.

(k) Has pursued or is pursuing economic gain in a manner or context which violates criminal or civil public policy of this state and creates a reasonable belief therefor that the participation of such person in bingo, lotto, raffle or Monte Carlo event

operations would be inimical to the proper operation of a lawful bingo, lotto, raffle or Monte Carlo event operation.

(2) The department may also impose a civil penalty not to exceed \$10,000 for any violation of any provision of subsection (1) of this section. [1987 c.914 §12; 1997 c.867 §14]

464.480 Procedure for suspension, revocation or denial of license. Whenever the Department of Justice proposes to suspend or revoke or refuse to issue or renew a license or permit, opportunity for a hearing shall be accorded as provided in ORS chapter 183. [1987 c.914 §13]

464.490 Vacation of suspension upon payment of penalty. If the Department of Justice or its designee suspends any license for a period of 30 days or less, the order may provide that the suspension shall be vacated upon payment to the department of a monetary penalty as fixed in the order. [1987 c.914 §14]

ENFORCEMENT

464.500 Enforcement authority of department; hearings. (1) In order to determine compliance with state law and rules of the department relating to the operation of bingo, lotto, raffles or Monte Carlo events, the Department of Justice or its designee may:

(a) Investigate whether a person has violated state law or rules of the department relating to the operation of bingo, lotto or raffle games or Monte Carlo events.

(b) Inspect the records of any person who lends money to, or in any other manner finances, any licensee or applicant for any license or who receives any income or profits from the use of the license.

(2) The department or its designee may conduct investigations into the operation of any bingo, lotto or raffle game or Monte Carlo event in this state. For that purpose, the department or its designee may subpoena witnesses, compel attendance, take depositions and testimony and require the production of material relevant to the investigation.

(3) The department or its designee may hold contested case hearings which shall be subject to ORS 183.413 to 183.470, subject to review as provided under ORS 183.480 to 183.490.

(4) Upon failure to obey a subpoena or to answer questions asked by the department's designee and upon reasonable notice to all persons affected, the department may apply to the circuit court for an order compelling compliance.

(5) Hearings regarding suspension, revocation or denial of bingo, lotto, raffle or Monte Carlo event licenses or permits shall be conducted by an administrative law judge assigned from the Office of Administrative Hearings established under ORS 183.605. The administrative law judge may administer oaths and conduct the hearings as provided in ORS 183.413 to 183.470. [1987 c.914 §18; 1997 c.867 §15; 1999 c.849 §§90,91; 2003 c.75 §38]

464.510 Regulation of rent; inspection of premises and records; rules; reports. (1) The Department of Justice may prohibit the operation of a licensed bingo, lotto, raffle or Monte Carlo event operation if, in the determination of the department, the rent for the premises on which the operation is conducted, or the fees for Monte Carlo event services or equipment by a supplier of gaming equipment, are unreasonably high. Rent may not be paid, either in whole or in part on the basis of a percentage of the receipts or profits derived from the bingo, lotto, raffle or Monte Carlo event operation. The department may by rule establish additional standards of suitability for premises used in the conduct of bingo, lotto, raffles or Monte Carlo events.

(2) As used in subsection (1) of this section, "unreasonably high" means that the price charged for the space, equipment or

services is significantly above the fair market value for the space, equipment or services and the amount charged for the space, equipment or services will result in a comparatively small profit for the licensee.

(3) Rent may not be paid to a related taxpayer, as that term is defined in Section 1239 of the Internal Revenue Code as amended and in effect on December 31, 1996.

(4) An organization conducting a bingo, lotto, raffle or Monte Carlo event operation shall keep such records of the operation as required by the Department of Justice.

(5) The premises on which the operation is conducted and all records required by the department shall be subject to inspection and audit at any reasonable time, with or without notice, upon demand by the department or its designee or the district attorney for the county in which the operation is conducted or the district attorney's designee. The records shall be subject to inspection and audit also by the Superintendent of State Police or the superintendent's designee and by the sheriff of the county in which the operation is conducted or the chief of police of the city in which the operation is conducted, or the designee of either, for the purpose of determining compliance or noncompliance with state law and the rules of the department.

(6) As used in this section, "reasonable time" for inspection of records includes but is not limited to:

(a) If the records are located anywhere upon premises, a portion of which are regularly open to the public or to members and guests, anytime that the premises are open for business, whether or not bingo, lotto, raffles or Monte Carlo events are being conducted at that time; and

(b) If the records are not located upon premises described in paragraph (a) of this subsection, then anytime between the hours of 8 a.m. and 9 p.m., Monday through Friday.

(7) The operator of a bingo, lotto, raffle or Monte Carlo event operation shall provide to the department, at such reasonable intervals as the department may determine, reports detailing all receipts and disbursements in connection with the bingo, lotto, raffle or Monte Carlo event operation, together with such other reasonable information as the department may require in order to determine whether the operation complies with the provisions of state law and rules of the department relating to the operation of bingo, lotto, raffles or Monte Carlo events. [1987 c.914 §17(2) to (7); 1989 c.171 §95; 1997 c.839 §68; 1997 c.867 §16; 2003 c.417 §4]

464.520 Injunctive relief; when other licenses may be voided; investigation of off-race course mutuel wagering applicant or licensee. (1) A bingo, lotto or raffle game or Monte Carlo event conducted in violation of state gambling law or in violation of rules adopted by the Department of Justice may be enjoined in an action commenced by:

(a) The department;

(b) The district attorney of the county in which the game is conducted;

(c) The governing body of any county in which the game is conducted; or

(d) The governing body of any city in which the game is conducted.

(2) When a violation of state law relating to the conduct of bingo, lotto or raffle games or Monte Carlo events, or a violation of any rule of the department relating thereto, occurs on premises for which a license, permit or certificate issued by this state, or by a political subdivision or public agency of this state, is in effect, any such license, permit or certificate may be voided by the issuing authority. No license, permit or certificate so voided shall be issued or reissued for the premises for a period of at least 60 days thereafter.

(3) The Department of Justice or its designee may conduct investigations into the operation of any off-race course mutuel wagering applicant or licensee. For that purpose, the department

may subpoena witnesses, compel attendance, take depositions and testimony and require the production of material relevant to the investigation. [1987 c.914 §19; 1997 c.867 §17]

464.530 Jurisdiction of Circuit Court for Marion County; liability of department personnel. (1) No trial court of the State of Oregon other than the Circuit Court of Marion County shall have jurisdiction over any action or proceeding against the Department of Justice or any employee of the department, for anything done, omitted to be done in or arising out of the performance of the duties of the department.

(2) Neither the department nor any employee thereof shall be personally liable in any action for damages sustained by any person because of any act done or omitted by the department, or any employee of the department, in the performance of the duties of the department. [1987 c.914 §15]

464.990 [Repealed by 1967 c.344 §10]

PENALTIES

464.995 Penalties. (1) A person who, in applying for a license from the Department of Justice under ORS 167.118, 464.250 to 464.380, 464.420 and 464.450 to 464.530, or in any book or record required to be maintained by the department, or in any report required to be submitted to the department under ORS 167.117 and 167.118 and this chapter, makes any false or misleading statement or entry, or who willfully fails to maintain or make any entry required to be maintained or made, or who willfully refuses to produce for inspection by the department or its designee, any book, record or document required to be maintained or made by federal or state law, commits a Class A misdemeanor.

(2) Except as otherwise provided by law, violation of any provision of ORS 167.117 or 167.118 or this chapter or any rules of the Department of Justice adopted pursuant thereto, by any licensee or permit holder of the department, is a Class A misdemeanor and grounds for suspension or revocation of the license or permit of the violator. General Provision

137-025-0020

Definitions

For purposes of these rules, the following definitions shall apply:

- (1) The "Department" means the Oregon Department of Justice.
- (2) "Bingo" means a game played on a printed form or card or electronic facsimile containing a grid bearing horizontal and vertical lines of numbers. Each card must include the same number of numbers. The numbers may be pre-printed or completed by the players. Numbers are drawn from a receptacle containing no more than 90 numbers, until there are one or more winners. A winner(s) is determined by the player(s) to first cover or uncover the selected numbers in a designated combination, sequence or pattern as they appear on the player's card. The progress toward a "bingo" of the non-winning players shall be irrelevant in determining the prize payout for the winner(s). A "blackout" (i.e., covering all squares on the grid) shall qualify as a designated sequence or pattern. Games which do not qualify as bingo include, but are not limited to, games marketed as "quick shot bonanza," "pick X" bingo, and "pick-8" bingo in the format utilizing a 40 square grid.
- (3) "Pull Tab" means a single folded or banded ticket or card, the face of which is initially covered or otherwise hidden from view to conceal a number, symbol or set of symbols, a few of which numbers or symbols out of every

set of pull tabs have been designated in advance and at random as prize winners.

- (4) "Raffle" means a form of a lottery in which each participant buys a ticket for an article or money designated as a prize and where the winner is determined by a random drawing. A raffle includes the elements of consideration, chance and a prize. Consideration is presumed to be present unless it is clearly and conspicuously disclosed to prospective participants that tickets to the drawing may be acquired without contributing something of economic value.
- (5) "Door Prize Drawing" means a drawing held by a nonprofit organization at a meeting of the organization where both the sale of tickets and the drawing(s) occur during the meeting and the total value of the prize(s) is less than \$600.
- (6) "Handle" means the total amount of money and other things of value bet on the bingo, lotto or raffle games, the value of raffle chances sold or the total amount collected from the sale of imitation money during Monte Carlo events.
- (7) "Responsible Officials of the Organization" means the officers of the organization and the board of directors, if any.
- (8) "Bingo Game Manager" means any person who is responsible for the overall conduct of bingo games of a charitable, fraternal or religious organization.
- (9) "Regular Bingo Game" means a bingo game where players use hard cards or paper cards or electronic facsimiles from a packet which have been purchased for a

package price and may be used by players during more than one game of a session.

(10) "Special Bingo Game" means a bingo game where players must purchase individual paper cards or electronic facsimiles where use is limited to a specific bingo game.

(11) "Concessions" means the sale of food, beverages, related bingo supplies, such as daubers, glue and other retail items using a bingo theme sold to bingo players.

(12) "Management or Operation" means supervising the games.

(13) "Administration or Operation" means supervising the games.

(14) "Supervise" means to direct, oversee and inspect the work of others; to exercise authority with respect to decision-making or the implementing of decisions; and responsibility for the performance of functions integral to the operation of bingo and raffles, including operation of the games and operation of the facility used to conduct the games.

(15) "Drawing" means an approved random selection process for determining winners in a raffle. To be random, each number in the drawing must have an equal chance of selection.

(16) "Monte Carlo event" means a gambling event at which wagers are placed with imitation money upon contests of chance in which players compete against other players or against the house. As used in this subsection, "imitation money" includes imitation currency, chips or tokens.

(17) "Monte Carlo equipment supplier" means a person or organization who leases equipment to a non-profit tax exempt organization for operation of a Monte Carlo event.

(18) "Monte Carlo event contractor" means a Monte Carlo event supplier who is employed to operate a Monte Carlo event on behalf of a non-profit tax exempt organization.

(19) "Monte Carlo event licensee" means any organization which has obtained a Monte Carlo event license pursuant to OAR 137-025-0410.

(20) "Related party" means an officer, director or bingo game manager of the licensed organization. Related party includes the family of such an individual. Family shall include a spouse, domestic partner, brothers and sisters (whether by the whole or half blood), ancestors and lineal descendants. Related party also includes corporations wherein the preceding individuals directly, or indirectly, own 50% or more of the capital interest and a trust in which the preceding individuals serve as fiduciaries or are named beneficiaries.

(21) "Sleeper Bingo" — A bingo game where the licensee adopts a house rule providing that a bingo prize may be shared between player(s) announcing a qualifying bingo on the last number called and player(s) who achieved a qualifying bingo as a result of a previously called number.

(22) "Linked Progressive Bingo Game" means a standard non-linked bingo game where an additional prize is paid to a winner based upon a designated combination, sequence or pattern. The additional prize is paid from a common prize pool which is collected from multiple participating licensees.

(23) "Linked Progressive Bingo Contractor" means a person or organization who leases equipment to bingo licensees for operation of a linked progressive bingo game.

(a) Be organized primarily for purposes other than the operation of bingo, raffle games, or Monte Carlo events;

(b) Have a valid organizational governing structure, and the members of the governing structure must exercise independent control over the organization's activities and budget;

(c) Be exempt from the payment of federal income taxes and have held that exempt status for at least one year preceding its application for a license. The application must be accompanied by a copy of a determination letter from the Internal Revenue Service, verifying tax exempt status or, if the organization qualifies for tax exempt status other than pursuant to IRC 501(c), a signed opinion letter from an attorney or certified public accountant stating that the organization holds tax exempt status and citing the relevant provisions of the Internal Revenue Code which support the tax exempt status. If an Internal Revenue Service determination letter is dated less than one year prior to the date of application to the Department, the applicant shall have the burden of demonstrating that it has met all organizational and operational tests for the exempt status and has been organized primarily for charitable, fraternal or religious purposes for a period of not less than one year prior to the date of the application. Any applicant that claims its tax exempt status through a ruling by the Internal Revenue Service as to its parent organization's tax exempt status must demonstrate that it is covered by such a ruling. The applicant must have been chartered by the parent organization for a period of one year preceding its application for a license.

(2) No joint license for conducting bingo, raffle games, or Monte Carlo events will be issued to two or more organizations. However, the Department may grant approval for a licensee to share the operation of the games with other organizations which would otherwise qualify for a license under section (1) of this rule.

(3) Licenses to conduct bingo, raffle games, or Monte Carlo events may not be transferred or assigned.

(4) A licensee shall promptly notify the Department if the licensee loses its federal tax exempt status. A license ceases to be valid if the licensee loses its tax exempt status.

General Requirements of Operations

(1) No person shall conduct bingo, Monte Carlo, or raffle games unless he or she conducts such activities as an employee or recognized volunteer of a charitable, fraternal or religious organization licensed by the Department to operate such games or engages in such activity as is otherwise exempt from licensing as provided in section (2) of this rule. The sale of pull tabs shall not qualify as bingo, Monte Carlo, or raffle and is not permitted by these rules.

(2) The following activities shall not require a license under these rules:

(a) Door prize drawings;

(b) Operating bingo with a handle of no more than \$2,000 per session and with a total handle of no more than \$5,000 per calendar year;

(c) Holding one or more raffles with a cumulative handle of less than \$10,000 per calendar year;

(d) Holding Monte Carlo events with a handle of no more than \$2,000 per Monte Carlo event and a total handle of no more than \$5,000 per calendar year.

(3)(a) Except as provided in subparagraph (b) below, all individuals involved in the operation of bingo or raffle games, or Monte Carlo events shall be volunteers or employees of the licensee. Operation of the games shall not be conducted by independent contractors. However, a bingo licensee may contract with a third party to provide specific collateral services required for the proper and efficient operation of a bingo game. Such services may include concessions, bookkeeping/accounting services, payroll services, janitorial services, security services, construction services and legal services. Contract shall be permitted only if the third party regularly performs such services for clients other than licensees and the fee, if any, charged for the service(s) provided is customary and reasonable. However, a bingo licensee may not locate its game in a for-profit restaurant, tavern or similar establishment unless it is a Class C or D bingo licensee and bingo is not played in the establishment more than one day per week and the establishment is open to the public and serves non-players during the bingo session.

(b) An organization licensed to conduct Monte Carlo events may contract with a licensed or exempted Monte Carlo equipment supplier and/or Monte Carlo event contractor as provided in OAR 137-025-0420 to operate the event, including the provisions of equipment, supplies and personnel, provided that the licensed supplier is paid a fixed fee to conduct the event and the imitation money is sold to players by employees or volunteers of the licensed charitable, fraternal, or religious organization.

(4) A licensee shall not permit the operating expenses of its bingo and raffle games, excluding prizes and money paid to players, to exceed 22.0 percent of the annual handle of its bingo and raffle operations. If the expenses of bingo and raffle games operated by the licensee in the preceding 12 months have exceeded 22.0 percent, the bingo, or raffle license shall not be renewed unless the licensee files, on a form prescribed by the Department, a satisfactory plan for operating in compliance with the 22.0 percent expense limitation. The license shall be conditioned on continued compliance with the plan and may be revoked or suspended in the event of noncompliance.

(5) In the event that compensation is paid to personnel for services related to the operation of bingo, Monte Carlo, and raffle games, the compensation shall not exceed:

(a) 200 percent of the federal minimum wage for nonsupervisory personnel; and

(b) 300 percent of the federal minimum wage for supervisory personnel.

(6) No bingo card or raffle tickets shall be sold to persons under 18 years of age unless the sale is made in the presence of their parent or other adult responsible for the minor's supervision.

(7) Unless excepted by the Department pursuant to OAR 137-025-0190, no person shall spend more than 40 hours per week administering or operating bingo and raffle games on behalf of a licensee. Pursuant to ORS 464.310(2), the Department may authorize bingo game managers or supervisors to work as supervisors for other licensees. The Department will approve such requests if it concludes that the licensees involved have satisfactory inventory control systems in place and that the applicant will not usurp the functions (as provided in OAR 137-025-0090(3)) of the bingo game manager permittee(s) for the additional licensee(s).

(8) Bingo and raffle licensees with handles in excess of \$250,000 shall limit administrative and prize expenses to ensure that an amount not less than five (5.0) percent of the annual gaming handle is earned and transferred to the organization's general operating account, or other fund as directed by the organization's governing board, for use by the governing board in pursuit of the organization's charitable, fraternal, or religious mission. If an organization fails to comply with the five percent profitability requirement, in whole or in part, due to the payment of one or more prizes in excess of \$5,000, the Department shall take that fact into account in fashioning a conditional license.

(9) Licensees may publicly acknowledge other organizations, including for profit businesses, which donate prizes and help underwrite the cost of the licensees' gaming activities. These organizations may be referred to as "sponsors" of the activity. However, any public information referencing the event must promote an understanding that the event is conducted by and operated for the benefit of the named licensee and this information must be more prominent than any sponsorship recognition.

Operation of Bingo Games

137-025-0160

Conduct of Bingo in General

(1) No employee or volunteer of the licensee involved in the conduct of bingo games may receive a prize or participate as a player at a bingo game session in which the employee or volunteer is actually involved in the conduct of the bingo games.

(2) All prizes awarded in connection with bingo games, whether in cash or merchandise, and all rules by which such prizes may be won, including costs to a participant, shall be disclosed to each participant prior to that participant taking part in the activity or paying for the opportunity to take part in the activity. Disclosures, commonly known as "house rules," shall be made by conspicuously posting or displaying upon the premises where the activity is operated a complete description of the rules of the activity, an explanation of how each prize can be won, and the cost to participate in the activity.

(3) The numbers for bingo shall be physically selected from a container, and players shall be able to view the selection process, including an unobstructed view of the container or blower chamber. Immediately following the drawing of each number in any bingo game wherein a prize valued at \$100 or greater is offered, the caller shall display the letter and number for viewing by the participants. Numbers shall not be selected by electronic equipment, such as a computer. For any game in which a prize valued at less than \$100 is offered, upon request by a player to any employee or volunteer of the licensee, the player, accompanied by a management representative of the licensee, shall be allowed to inspect the bingo caller's cradle to verify the bingo numbers called before the bingo numbers are returned to the blower chamber.

(4) All prizes, or script redeemable for prizes, paid to the winner(s) shall be paid by the licensee; no prizes or script shall be transferred from non-winners to the winner(s).

(5) Bingo cards may not be purchased or played other than at the approved location of the licensee's game; a player must be present to win.

(6) Except for the conduct of "bonanza" bingo described in section (7) of this rule, the numbers shall be drawn and announced during the play of the game; each player covers the corresponding number, if present on the bingo card, as each number is called.

(7) A licensee may play "bonanza" bingo by drawing a predesignated quantity of bingo numbers before the actual playing of the bonanza bingo game only if the licensee complies with the following procedures:

(a) Bonanza bingo cards shall remain sealed until such time as they are sold to the players;

(b) The balls drawn in advance of the bonanza bingo game shall be drawn during a bingo session in the presence of the players; and

(c) The quantity of numbers drawn in advance shall be fewer than the number which would produce a probable instant winner, based upon the rules of the game and the expected number of players.

(8) No operator shall engage in any act, practice, or course of operation as would operate as a fraud to affect the outcome of any bingo game.

(9) Cages or blowers used to mix and select bingo numbers shall be designed and constructed in such a manner which reasonably provides a thorough mix of the numbers and random selection. Cages and blowers shall be cleaned and maintained in good repair so as to prevent damage to the bingo numbers.

(10) Bingo numbers shall be periodically inspected, cleaned and maintained in good condition by the licensee. No bingo numbers may be used in play which are defective, cracked, broken, illegible, out of round or damaged in such a manner that would interfere with or affect the random selection process. Only sequentially complete sets of bingo numbers shall be placed in play; there shall be no duplication of numbers.

(11) No person shall tamper with, mutilate, weight, or otherwise alter a bingo number in any manner that would interfere with or affect the random selection process.

(12) The Department may immediately remove any bingo number or set of bingo numbers from play if a violation is found. The number or number set shall not be returned to play until the violation is corrected. The Department may require that any bingo number or number set be replaced or tested for compliance if a violation is found or suspected.

(13) With the exception of "sleeper bingos," a prize may be awarded only to the bingo player(s) who first covers or uncovers the selected numbers in a designated combination, sequence or pattern. Multiple prizes may be awarded in the course of a game if each prize is given to the first player to achieve a designated pattern, such as those offered in "work up" games. No awards, including consolation awards, such as "monitor bingos," shall be made to players other than the prizes described above.

Bingo Operating Limits

(1) Unless excepted by the Department, a licensee shall not operate bingo games for more than 20 hours nor more than four days in any one calendar week. However, a Class C or D licensee may operate without restriction as to number of days or hours per week if its total operations are limited to no more than 12 consecutive days during its license year.

All bingo games must be conducted at a single physical location, unless the licensee holds a class B, C, or D license and qualifies to operate in up to three counties pursuant to ORS 464.360(2). No more than two bingo games may be operated simultaneously at a location. One licensee may not operate simultaneous games unless the licensee holds a class B, C, or D license and qualifies to operate in up to three counties pursuant to ORS 464.360(2). Simultaneous games occur when numbers are pulled from more than one container/blower at the same time.

(2) A licensee shall not award non-linked progressive game prizes exceeding \$5,000 in value in any one game except a licensee may award prizes not to exceed \$10,000 per game up to 2 times during the license year. A licensee may award an unlimited number of prizes in excess of \$5,000 for authorized linked progressive bingo games. On the licensee report as provided by OAR 137-025-0140, the licensee shall record the dates(s) and amount(s) of any prizes awarded exceeding \$5,000 per game which were not paid by a licensed Linked Progressive Game Bingo Escrow Agent. A licensee shall not offer a non-linked progressive game prize in excess of \$5,000 unless the licensee has such funds available in an account with a financial institution or has evidence that it has purchased current insurance from a surety/insurance company providing for payment if such a prize is won by one or more of the licensee's players. Any such prize won by a player shall be paid by a corporate or cashier's check no later than the close of the second business day after the prize is won.

(3) The "operating expenses" of all bingo and raffle games, conducted by the licensee as defined in ORS 167.117(15), excluding prizes and money paid to players, shall not exceed 22.0 percent of the total of the annual handle of those games:

(a) If expenses are related to both the bingo operations and the nonbingo operations of a licensee (such as rent, utilities and employee salaries), a reasonable allocation shall be made between the bingo and nonbingo activities. Employee salaries shall be allocated based upon hours spent in bingo and nonbingo activities;

(b) All leasehold improvements and improvements to bingo facilities owned by the licensee may be reasonably amortized;

- (c) No salary of an employee of the licensee shall be considered an operating expense for purposes of this subsection, if less than 20 percent of the employee's time is devoted to activities directly related to the games;
- (d) Fees paid to the Department are not operating expenses for purposes of this subsection;
- (e) If a licensee subleased its space or equipment to one or more additional licensees, the licensee may pro rate its rental expenses based on proportional use of the property; the pro rate shall be based on the actual hours of use by that licensee compared to the total hours of use of the other licensees.

Linked Progressive Games — Manner of Conducting

- (1) A licensee shall activate the linked progressive bingo game equipment in its possession in order to host or participate in a linked progressive bingo game and the system equipment shall record and maintain a record of the number of such games hosted or in which the licensee participated.
- (2) A winning player must have achieved bingo on the last number called. A progressive bingo game can be played within or as an accompaniment to any other primary bingo game; however, if a winning player achieves the primary bingo on the last number called then the system equipment shall display the winning bingo card for viewing by the players at the location and if a primary bingo is verified, regardless of whether it also qualifies for the progressive prize, that particular linked progressive bingo game is also concluded.
- (3) As each linked progressive bingo game is played at a participating licensed location, the bingo prize shall be increased by designated payments per licensee and participating locations will be notified of the increased amount of the progressive prize.
- (4) If a linked progressive bingo game is played in conjunction with a standardized non-linked game and a player is charged an extra fee to participate in the linked progressive bingo game, the Linked Progressive Bingo Game Contractor shall operate the linked progressive game in a manner so that it can be verified that any winning player did pay the extra fee to participate in the linked progressive game.

(5) When a linked progressive bingo game winner is initially verified, the Linked Progressive Bingo Game Contractor equipment shall immediately be activated to notify the other participating licensee halls of a likely winner and the players shall be made aware that the progressive prize amount has been frozen. Once the contractor and the host licensee have completed all appropriate activities to verify the winner, the escrow agent shall be notified and the prize shall be reset to the advertised minimum plus any increases due to sales after the prize was frozen. The licensee hosting the game which produced the winner shall obtain all relevant federal W2G form information from the winner. The licensee shall also obtain information as to whether the winner prefers to receive the prize check from the licensee, from the escrow agent or by certified and insured mail delivery at an address provided by the winner. The licensee shall immediately transmit the above information, along with a statement of the amount of the prize, to the escrow agent.

(6) Linked Progressive Bingo Game Escrow Agents may charge the Linked Progressive Bingo Contractor a reasonable fee for their services.

(7) The escrow agent shall establish a "sweep account" with a commercial bank with branch offices throughout Oregon. All participating licensees will be notified as to the identity of the commercial bank. Participating licensees shall establish an account for prize pool contributions at a local branch of the commercial bank and shall execute the necessary documents so that the sums deposited may be swept by the escrow agent, into the sweep account. Participating licensees shall transfer the required prize pool contribution no later than three business days from the date a linked progressive bingo game was conducted.

(8) The escrow agent shall immediately notify the Department if a participating licensee fails to transfer a scheduled prize pool deposit for a linked progressive bingo game. The Department shall immediately notify the licensee of the delinquency and if the delinquent amount is not paid within two business days, the Department shall notify the Linked Progressive Bingo Game Contractor to terminate the licensee's access to the game.

(9) The Department may direct the Linked Progressive Bingo Game Contractor to renew the delinquent licensee's access to the game if the Department has received confirmation that the licensee has contributed the full amount of the delinquency plus a \$100 delinquency fee to the licensee's prize pool contribution account.

Linked Progressive Bingo Game Escrow Agents — Generally

(1) Persons or organizations acting as escrow agents for linked progressive bingo game prizes must be licensed by the Department pursuant to ORS Chapter 464 and the administrative rules adopted pursuant to that law.

Licensees shall be licensed pursuant to ORS 696.505 et seq. or shall comply with subparagraph (2) below. To act as an escrow agent, licensees shall be third parties independent of any Linked Progressive Bingo Contractor or bingo licensee involved in the operation of the linked progressive bingo game. All funds held in escrow for charitable gaming licensers shall be held in a designated escrow account or deposit with a commercial bank, located within the state of Oregon and approved by the Department.

(2) A Linked Progressive Bingo Game Escrow Agent not licensed pursuant to ORS 696.505 et seq. shall deposit with the Department a corporate surety bond running to the

State of Oregon, executed by a surety company satisfactory to the Department in the amount of \$25,000.

(3) An escrow agent may satisfy the preceding requirement by depositing with the State Treasurer an amount equal to \$25,000 in a form satisfactory to the Department for the faithful performance of the agent's linked progressive bingo game activity.

(4) The designated escrow agent for a particular linked progressive bingo game shall, upon obtaining the relevant information from the host licensee, immediately obtain a cashier's check for the winning amount, made payable to the winner, and shall prepare the appropriate federal W2G form. The escrow agent shall then immediately deliver the check to the winner in a manner consistent with the winner's expressed method of delivery as communicated to the host licensee.

Exceptions Approved by Department

(1) A bingo licensee that has received tax exempt status under the Internal Revenue Code Section 501(c)(3) and was operating a bingo game in Oregon in January, 1987, may apply for certain exceptions as provided in ORS 464.390. Requests for exceptions shall be prepared on forms prescribed by the Department. The forms shall include a description of why the licensee believes there is a compelling community need for the charitable activities funded by its bingo operations, a list of limits for which it seeks an exception plus the desired levels for which approval is sought, an explanation as to why its funding will be reduced unless the specific exceptions are granted, a monthly financial summary of its bingo operations for the period of January 1, 1986 to June 30, 1987, including the handle, the amount paid for prizes, the net receipts and the organization's regular hours of operation and such other information as may be requested by the Department.

(2) For purposes of this rule, "funding" shall refer to the net receipts from bingo operations available to the licensee after prizes, expenses and fees to the Department have been paid.

(3) The Department shall consider the following factors in evaluating whether there is a compelling community need for the charitable activities funded by a bingo operation:

- (a) The nature of the charitable activities conducted or supported to date;
- (b) The importance of those activities to the community;
- (c) The prospect that those activities will be assumed by another organization or governmental entity or that a charitable beneficiary can find similar funding or services elsewhere in the community; and
- (d) The level of community involvement in the organization's activities, including community financial support received through fundraising other than bingo and participation by individuals in the community in the management of the organization.

(4) For purposes of determining whether or not the Act will seriously reduce an organization's funding, the Department shall consider the level of net receipts generated by the bingo operation prior to June 30, 1987 and shall account for

inflation in approving any exception. In approving any exception, the Department shall presume that, except for the payment of fees required by this Act, the net receipts as a percentage of handle for the period covered by the exception shall not be less than the comparable relationship which existed prior to June 30, 1987.

(5) The Department shall review the exceptions granted under this rule not less than once per year, unless the Department determines that there has been a material change of circumstances since the time the exceptions were granted to the licensee, in which case the Department shall initiate an immediate review of the license. The Department will not continue an exception that otherwise meets the requirements of this rule if there has been a material change of circumstances as defined in ORS 464.390(4) since the time when the licensee was granted the exception.

Operation of Raffle Games

137-025-0290

Conduct of Raffles in General

(1) Tickets for entry into a raffle shall constitute a separate and equal chance to win with all other tickets sold or issued. No person may be required to obtain more than one ticket, or to pay for anything other than the ticket, in order to enter a raffle.

(2) No person may be required to be present at a raffle drawing in order to be eligible to receive a prize.

(3) In conducting a drawing in connection with any raffle, each ticket seller shall return to the organization stubs or other detachable sections of all tickets sold. Except for duck races as provided for in OAR 137-025-0291 and alternate drawing formats approved by the Department in section (8) of this rule, the organization shall place each stub or other detachable section of each ticket sold in a receptacle out of which the winning tickets are to be drawn. The receptacle must be designed so that each ticket placed therein has an equal opportunity with every other ticket to be the one withdrawn.

(4) No unsold ticket or stub shall be entered in the draw container or be otherwise considered for the draw to determine the winner or winners of any prize.

(5) Where prizes for a raffle are unclaimed, the prizes shall be held in a trust for a period of six months from the date of the draw. If at that time the prizes are unclaimed, the prize shall be donated to the licensee. The licensee shall make reasonable efforts to notify the winner. Once the prize is claimed by the winner, the prize must be awarded within a reasonable period of time.

(6) A raffle licensee shall not sell tickets more than twelve months in advance of the draw date.

(7) If due to circumstances beyond an organization's control a raffle cannot be completed or the prizes cannot be awarded on the scheduled drawing date, the sponsoring organization must take all steps necessary to notify ticket purchasers of that fact and return all money received from ticket purchasers within 30 days. The fact that ticket sales failed to meet the organization's projections or expectations is generally not considered to be a circumstance beyond the organization's control and does not, in itself, provide a basis for cancellation of a raffle.

(8) An alternate drawing format, including use of random number generators, may be used to determine the winner(s) if such a format is approved by the Department prior to the sale of any ticket or other form of raffle entry. The alternate format must meet the definition of a drawing as defined in OAR 137-025-0020

(9) To be approved, an alternate drawing format request must be submitted to the Department in writing at least 30 days prior to the sale of entries and must contain at a minimum, the following information:

(a) The time, date and location of the drawing;

(b) The type of random selection process to be used and complete details of its operations;

(c) A description of how game integrity will be ensured so that each participant has an equal chance of winning.

(10) A 50/50 raffle is defined as a raffle in which the winner receives one half of the value of all tickets sold. Any expenses incurred by the organization cannot be deducted from the gross sales before distribution to the winner. Cash prizes cannot exceed \$5,000.

(11) An organization must own or have a purchase agreement in place to ensure its ability to provide the advertised prize(s) to be raffled prior to the commencement of ticket sales. For motor vehicle prizes, the organization is required to provide the Department with documents showing clear title, the dealer invoice, or the purchase agreement. If the vehicle is used or custom, the organization must also provide a written appraisal by a licensed appraiser verifying its advertised value and mileage. It is not permitted for an organization to sell raffle tickets in order to obtain the funds necessary to purchase the advertised prize.

(12) Any raffles offering a prize of cider, distilled liquor, malt beverage or wine must also adhere to the raffle regulations of the Oregon Liquor Control Commission. Any raffles offering a prize of a firearm must also adhere to the regulations of the Bureau of Alcohol, Tobacco, Firearms and Explosives.

(13) The purchase price of a raffle ticket shall not be characterized as a "donation" or in a manner that otherwise represents, suggests, or implies that the raffle ticket purchase is tax deductible as a charitable contribution.

(2) Once the ducks enter the river, the ducks shall not receive human assistance until the race is concluded.

(3) The ducks shall be identified so that each duck corresponds to a separate numbered raffle ticket. The method of identification of the ducks shall be waterproof.

(4) At the finish line, the licensee shall construct a boom which will be designed to act to funnel the ducks to a chute.

The chute shall be constructed so as to allow one duck at a time to pass through. The boom and the chute shall be reasonably secure. The boom shall be wide enough to capture the ducks that reach the finish line area as they move down stream.

(5) The course for the race shall be established so that the race may be observed by raffle purchasers. The length of the course shall be established so that the race will be conducted in less than one hour. The licensee shall conduct a test of the course, by releasing a sample of ducks and observing their progress, within one week prior to the race date. Once the race has started, a course shall not be altered.

(6) If a duck race is not completed in 90 minutes from the time the ducks are released into the river, the race shall be terminated and the licensee shall conduct the raffle by drawing tickets from a container as provided in OAR 137-029-0290(1)–(5).
